INTRODUCTION

In accordance with the guidelines of the Texas Water Development Board (TWDB), the City of Lufkin adopted a Water Conservation Plan in 2008. In order to meet requirements of the Texas Commission on Environmental Quality (TCEQ) the City has adopted its water conservation plan for adoption as a City resolution. The resolution of the City Council adopting the Water Conservation Plan shall authorize the City to implement, enforce, and administer the program.

The City of Lufkin owns and operates the water system serving CCN #10355 in Angelina County, Texas. The system provides potable water to over 19,100 active connections including 12 industrial users and 4 active wholesale connections. The service area covers an area of approximately 80 square miles, not counting the service areas of the wholesale connections. The City of Lufkin is the largest water provider in the county in terms of customer base and water delivery.

The City charter for Lufkin provides for managing control of the water system by City Council. The City Manager maintains a staff who provide for continuous operation of the water system. The council approves final budgets and rates for the system. City council members are elected by the citizens for two years terms.

The City, through adoption of the Water Conservation Plan, hopes to reduce per capita consumption of water within the City service area, and also to reduce the volume of unaccounted for water which is produced and treated but not sold.

A. UTILITY PROFILE

Population and Customer Data:

The water distribution system covers nearly 80 square miles and serves approximately 51,000 people. The official 2020 Census population count for the City was 34,143, a decrease of 2.6% from the 2010 Census. However, connections have grown 24% over the previous ten years, which equates to an annual growth rate of approximately 2.2%. Population projections for the City of Lufkin, based on an annual growth rate of 1.5%, forecast the City's service area population to reach 56,900 by 2030 and over 66,000 by 2040.

Water Production:

The City of Lufkin operates fourteen wells with a combined capacity of approximately 25.7 million gallons per day (MGD) based on most recent testing at each well. The City receives most of its water supply from the Carrizo-Wilcox aquifer group. The City has three treatment plants with a combined capacity of 10,400,000 gallons ground storage. Four elevated tanks throughout the City provide a combined 4,000,000 gallons of elevated storage capacity.

Water Use Data:

The following table summarizes key water use statistics for 2019 – 2023. Average and peak season daily demand is given in million gallons per day (MGD). The peak season to average day ratio varies between 1.16 and 1.26, meaning that peak season demand is generally around 20% more than the average demand. Peak demand during the last five

years occurred in 2023 and was 10.16 MGD. More detailed water use data is available in the Utility Profile included in Appendix "A".

Table 1: Water Use Statistics

	2019	2020	2021	2022	2023
Annual Average GPCD	148.3	154.5	152.2	154.2	157.0
Peak GPCD	173.9	184.3	176.4	191.9	198.2
Average Day (MGD)	7.44	7.85	7.73	7.90	8.05
Peak Day (MGD)	8.72	9.36	8.95	9.83	10.16
Peaking Factor	1.17	1.19	1.16	1.24	1.26

B. TARGETS AND GOALS

To provide for continuing growth in the customer base and to protect available water supply to provide for the future, the City must insure that this water supply is not wasted or lost. In order to achieve these goals to the maximum amount achievable, the City proposed the following targets for water conservation:

Table 2: 5- and 10-Yr Goals for Water Savings

	5-Year Average	Baseline	5-Year Goal	10-Year Goal
Total Municipal Use (GPCD)	153.2	155.2	150	145
Residential Use (GPCD)	53.5	54.8	52	50
Water Loss (GPCD)	36.8	37.7	35	30
Water Loss (Percentage)	23.1%	23.2%	20%	17%

The municipal use numbers as indicated in the Utility profile (Appendix A) are calculated as total water treated except wholesale sales divided by population. Baseline numbers are calculated as a weighted average of the last three years that places more emphasis on recent years.

C. SCHEDULE FOR IMPLEMENTING THE WATER CONSERVATION PLAN

The City will implement its water goals as described below:

1. Reduce per capita consumption through education by presenting non-wasteful uses of water and techniques that can be employed to conserve water. Information will be distributed as part of the annual Consumer Confidence Report that is mailed to all customers.
2. Once a year, the City will review consumption patterns and its income and expense levels and evaluate whether or not the current water rates are effective and appropriate.
3. The City provides updated information regarding the water rate structure through its website, www.cityoflufkin.com. The City will also provide customers with historical water use for the previous 12 months upon request.

4. A leak detection and repair program will be maintained as well as a meter testing and repair/replacement program. Accounting of data of the water produced versus consumption will be monitored to determine water loss and unaccounted water.
5. Replacement of water lines found to be leaking or in generally poor condition will be completed as quickly as practical to ensure minimal water loss.

D. TRACKING IMPLEMENTATION AND EFFECTIVENESS OF THE PLAN

In order to track the progress of the Water Conservation and Drought Contingency Plan, the City will need to collect a variety of information with regards to each program. The following information will be useful in tracking the progress of the Water Conservation Plan:

1. Water production and usage data will be reviewed once a year to evaluate progress of the targets and goals listed previously in section "B."
2. The City will collect information about its programs and the population to evaluate the effectiveness of the program at least once every five years. For information brochures, the number of such brochures and topics covered will be documented. The total population of the service area will also be tracked.
3. The billing structure will be evaluated annually. Billing and customer records will be kept and water consumption by each customer class at the beginning and end of the reporting period will be recorded.
4. Guidelines for meter selection based on customer usage, meter replacement policies, and records on each meter in the system will be recorded and maintained.

E. MEASURING AND ACCOUNTING OF SOURCE WATER

The City currently meters well production at each well as well as treated water entering the distribution system by means of a master meter. The well production is compared to master metered flow to distribution to identify transmission or overflow losses.

F. WATER METERING AND MAINTENANCE PROGRAM

The City has mostly completed a system wide meter replacement program in the distribution system that began in 2022 and will conclude early next year. New radio read meters were installed to improve accuracy and accounting. The City's operation policy requires testing for all meters which are flagged as having excessively high or low water usage. In addition, the City policy provides the following routine testing schedule for water system meters:

1. Well Production Meters: Test once per year – Required accuracy ± 5%.
2. Water Plant Distribution Meter and Totalizer: Test and Calibrate once per year.
3. Meters larger than 1" nominal: Test once per year.
4. Meters 1" and smaller: Test every 10 years minimum.

The computer system receives collected meter data and prints out billing statements. Meters where customer complaint indicates higher than normal usage are also tested routinely. All tested distribution meters are replaced if reading accuracy is outside ± 2%.

Meters to public facilities are not routinely read with the customer meters.

G. WATER LOSS CONTROL MEASURES

The goal of the City's water loss control program is to maintain unaccounted-for water (unbilled authorized and unbilled unauthorized usage) water at or below the goals listed previously in section "B." In order to meet these goals, the City has several programs in place, including routine water audits, a program of leak detection and repair, and meter testing and accuracy.

The City compares metered production with metered consumption, as well as accounted-for and unaccounted for water losses.

H. LEAK DETECTION, AND REPAIR

The City performs routine inspection and maintenance of the distribution system in order to reduce unaccounted for water. All City staff are encouraged to observe and report observed puddles or wet areas that may indicate a water leak. Water system personnel observe water line routes when meter reading or performing other work along distribution lines. Customer reported leaks are observed immediately by operation staff.

Work orders are prepared based on observation, and operating staff repair each leak as quickly as possible. The work order system is used to identify line segments which have reached their useful life. These lines are maintained but flagged for future replacement.

In addition to these measures, a monthly water use accounting system is used to compare total metered consumption to volume pumped to distribution and measured by master meter. A sharp increase in demand would indicate major water main breaks or unauthorized water use. The production and treatment facilities are monitored daily.

The City maintains leak detection equipment. This equipment can be utilized with other methods to achieve water loss reduction goals.

I. PUBLIC INVOLVEMENT AND EDUCATION

The City will promote water conservation through public education. The following methods in addition to mandatory information under drought conditions will be used to inform and involve the public in water conservation.

1. Distribution of Educational materials will be made through direct mail out twice per year. The educational materials will be timed to predate the peak summer demand period.
2. Articles will be published seasonally as described above with detail of water system operation conditions and recommendations for water saving methods for home and business.
3. New customers will receive general water conservation literature when applying for service.
4. Water Conservation literature is in racks available to the public at the water payment window in City hall.
5. Water conservation awareness literature will be available on the City of Lufkin website.

J. WATER RATE STRUCTURE

The City of Lufkin water rate structure is contained as Appendix "B". The present rate structure can be summarized as follows by customer category:

1. Residential Inside City	First 2,000 gal. (min.)	$14.64
	Next 8,000 gal.	$3.75/1000
	Above 10,000 gal.	$4.34/1000
2. Residential Outside City	First 2,000 gal. (min.)	$21.95
	Next 8,000 gal.	$5.63/1000
	Above 10,000 gal.	$6.51/1000
3. Commercial Inside City	First 2,000 gal. (min.)	$14.64
	Next 48,000 gal.	$3.75/1000
	Above 50,000 gal.	$4.34/1000
4. Commercial Outside City	First 2,000 gal. (min.)	$21.95
	Next 48,000 gal.	$5.63/1000
	Above 50,000 gal.	$6.51/1000
5. Burke Water Rates – Residential	First 2,000 gal. (min.)	$24.88
	Next 8,000 gal.	$6.41/1000
	Above 10,000 gal.	$7.37/1000
6. Burke Water Rate – Commercial	First 2,000 gal. (min.)	$24.88
	Next 48,000 gal.	$6.41/1000
	Above 50,000 gal.	$7.37/1000
7. Irrigation Rate is same as Residential Rates corresponding to same location		
8. Industrial Inside City	First 2,000 gal. (min.)	$346.29
	Above 2,000 gal	$2.45/1000
9. Industrial Outside City	First 2,000 gal. (min.)	$519.42
	Above 2,000 gal	$3.75/1000
10. Wholesale Rate	First 2,000 gal. (min.)	$12.40
	Above 2,000 gal	$2.15/1000

This rate structure is conservation oriented in that water bills are based on water consumption. In most user categories, the structure uses increasing block rates to discourage excessive water use. In the industrial and wholesale categories, rates are uniform.

K. IMPLEMENTATION AND ENFORCEMENT

The provisions of this plan have been implemented as indicated by the resolution adopting the plan contained in Appendix C. The requirements contained in the plan will be enforced by the following methods:

1. Mandatory enforcement of plumbing fixtures and plumbing code measures through City inspection and code enforcement staff in new and major remodel construction.
2. The rate structure in combination with public awareness encourages retrofit of existing fixtures through cost savings on future water bills.
3. Rate structure is enforced through discontinuance of service for unpaid bills.

L. SPECIAL REQUIREMENTS OF WHOLESALE CUSTOMERS

The City shall implement in every new or renewal of a wholesale contract entered into successive of the adoption of this plan, the requirement that the wholesale customer develop and implement a water conservation plan utilizing the applicable requirement of Texas Administrative Code, Title 30, Part 1, Chapter 288, Subchapter A, Rule 288.2.

M. NOTIFICATION TO REGIONAL WATER PLANNING GROUP

The notification letter contained in Appendix D has been prepared to notify the Region I Planning Group of the adoption of this plan.

N. OTHER WATER CONSERVATION STRATEGIES

The City of Lufkin has adopted the 2018 International Plumbing Code as its standard for plumbing practices inside its jurisdiction. The City requires water saving plumbing fixtures on all new construction and major renovation of existing structures.

Customers are also furnished with information encouraging them to replace old plumbing devices with water saving devices. Customers are informed of water saving kits available to assist in their water conservation efforts. The retrofit program is a voluntary program.

The City has adopted a landscape ordinance. This ordinance encourages use of low water use plants and grasses for development. This program is voluntary. The ordinance also encourages use of water need type controllers to minimize excessive water use in rainy periods.

The City recycles and reuses treated wastewater at the wastewater plant for irrigation, washdown, and process water. The present permit does not allow off-site irrigation or use of this water. The remote location of the treatment plant has limited potential for additional reuse. The City will encourage further reuse of the wastewater stream should a potential use become available.

O. DROUGHT CONTINGENCY PLAN

Appendix E contains the Drought Contingency Plan, which has been in place since 1999. The Drought Contingency Plan includes trigger conditions, implementation actions during

each stage of the plan, initiation and termination procedures, variances and enforcement, and public involvement and education.

P. ADOPTION

The resolution adopting this Water Conservation Plan is contained in Appendix C.

Q. REPORTING REQUIREMENTS

The goal and time tables for water reduction contained in this plan will be reviewed and updated each year. The annual reports will be maintained and submitted to the executive director of the Texas Commission of Environmental Quality and will address the progress and effectiveness of the plan. The annual report will include:

1. Public information documentation.

2. Public response to the conservation plan.

3. Up to date consumption data to evaluate the effectiveness of the water reduction strategies and progress toward plan goals.

In addition to annual reporting requirements, the plan must be reviewed and updated no later than May 1, 2024 and every 5 years after that date to coincide with the work of the Regional Water Planning group.

Drought Contingency Plan

§ 52.03 WATER CONSERVATION; DROUGHT CONTINGENCY PLAN.

A. *Approval of the plan.* The City Council hereby approves and adopts as the city's water conservation plan the water conservation/drought contingency plan as set forth in § 52.04. The city commits to implement the program according to the procedures set forth in the adopted plan.

B. The city shall report to the Texas Water Commission annually on the implementation and effectiveness of the plan in accordance with the outline set forth in the plan.

C. (1) In regards to implementation and enforcement of the conservation/drought contingency plan, the City Manager is designated as the responsible official, and the following guidelines are adopted:

(a) *Mild conditions.* At any time the average daily water use approaches 9.6 MGD (million gallons per day) for three consecutive days the City Manager shall be authorized to request voluntary compliance by all users and initiate other measures in accordance with the conservation/drought contingency plan as set out in the attached plan.

(b) *Moderate conditions.* At any time the average daily water use reaches 10.7 MGD for three consecutive days, and/or, the net storage in water reservoirs is continually decreasing on a daily basis and falls below 2.9 MG capacity for 48 hours, the City Manager and the City Council shall implement compulsory compliance by all users in accordance with the conservation/drought contingency plan as set out in the attached plan.

(c) *Severe conditions.* At any time the actual failure of a major component of the system which would cause an immediate health or safety hazard and/or water demand is 12.7 MGD for three consecutive days and/or all water is being pumped from the system's storage reservoirs and replenishment of these reservoirs has stopped, a penalty shall be imposed on all users not acting in compliance with the conservation/drought contingency plan attached hereto in accordance with the standard of usage outline within the plan and with the penalties established therein.

(2) In the event severe conditions as recited above persist for an extended period of time the city may ration water usage or terminate service to selected users of the system in accordance with the following sequence:

(a) *First.* Industrial users.

(b) *Second.* Commercial users.

(c) *Third.* Residential users.

(d) *Last.* Public health and safety facilities.

('72 Code, § 26-4) (Penal Ord. 405, passed 11-16-93)

§ 52.04 DROUGHT CONTINGENCY PLANS.

(A) *Trigger conditions.* The following trigger conditions indicate when drought contingency measures will be put into effect. Trigger conditions will be set for mild, moderate and severe conditions:

(1) Mild drought:

(a) Average daily water use reaches 9.6 mgd (90% of firm plant capacity) for three consecutive days.

(b) Consideration will be given to weather conditions, time of year, and customer complaints of low water pressure.

(2) Moderate drought:

(a) Average daily water use reaches firm plant capacity of 10.7 mgd for three consecutive days.

(b) Net storage in water storage is continually decreasing on a daily basis and falls below 2.9 mg. (about 50% capacity) for 48 hours.

(3) Severe drought:

(a) The imminent or actual failure of a major component of the system which would cause an immediate health or safety hazard.

(b) Water demand is exceeding the firm system capacity of 12.7 mgd for three consecutive days.

(c) All available water supply is so low that the pumps cannot pump the daily water demand.

(d) All water is being pumped from system's storage reservoirs and all replenishment of water reservoirs has stopped.

(B) *Drought contingency measures.* The city will implement a plan in which water can be partially or totally restricted, in the purview of the City Council and as necessitated by an emergency.

(1) A Step I curtailment is one where the City Council can restrict the use of water for outdoor sprinkling, watering of lawn, shrubs, driveways and automobiles to certain areas of the service area by days and to certain hours. Said restrictions will remain in effect until the City Council lifts the restrictions. More specifically stated as follows:

(a) Inform the public through the news media that a trigger condition has been reached, and that they should look for ways to voluntarily reduce water use. Specific steps which can be taken will be provided through the news media.

(b) Notify major commercial water users of the situation and request voluntary water use reductions.

(c) The following mandatory lawn watering schedule shall be implemented: Customers with even numbered house numbers may

water on even numbered days of the month. Customers with odd numbered houses may water on odd days of the month. Watering shall occur only between the hours of 6 - 10 a.m. and 8 - 10 p.m. and none on weekends.

(d) During winter months, request water users to insulate pipes rather than running water to prevent freezing.

(e) The city will begin monitoring water pressure in the distribution system and water levels in the storage tanks.

(2) A Step II curtailment would be one where the City Council will ban the use of water totally for outdoor sprinkling, watering lawns, shrubs, driveways and automobiles. Said restriction will remain in effect until the City Council lifts the ban. More specifically stated as follows:

(a) Continue implementation of all relevant actions in preceding phase.

(b) Car washing, window washing, pavement washing prohibited except when a bucket is used.

(c) The following public water uses, not essential for public health or safety, are prohibited:

1. Street washing;

2. Water hydrant flushing;

3. Filling pools;

4. Golf course watering; and

5. Athletic field watering.

(3) The curtailment will be effective upon the City Council giving notice of curtailment to the customers within the area; the posting of a notice of curtailment and notifying the news media of curtailment as stated in division (C) of this section.

(4) The curtailment will be terminated upon the City Council giving notice of termination as done for the institution of the curtailment.

(5) A variance may be issued by the City Council where, in their opinion, the restriction of water effects health and safety.

(6) Any violation of the ordinance adopted by the city shall carry a penalty of a maximum fine of $200 per violation.

(7) In addition to the existing drought contingency plan, the system will enact the following drought contingency measures:

(a) Mild drought contingency measures:

1. Inform public by giving notice of a mild drought to the customers within the system; the posting of the notice, and notifying news media of the mild drought.

2. Included in the information to the public will be the recommendation that water users look for ways to conserve water.

3. Public will be advised of the trigger condition situation weekly.

(b) Moderate drought contingency measures:

1. Public will be informed as mentioned above.

2. The Step I curtailment will be enacted.

3. Public will be advised of the trigger conditions weekly.

(c) Major drought contingency measures:

1. Public will be informed as mentioned above.

2. The Step II curtailment will be enacted.

3. Certain industrial and commercial water users which are not essential to the health and safety of community will be prohibited from water use.

4. Public will be advised of the trigger conditions daily.

ORDINANCE NO. 421

AN ORDINANCE OF THE CITY OF LUFKIN TEXAS, ADOPTING A DROUGHT CONTINGENCY PLAN; ESTABLISHING CRITERIA FOR THE INITIATION AND TERMINATION OF DROUGHT RESPONSE STAGES; ESTABLISHING RESTRICTIONS ON CERTAIN WATER USES; ESTABLISHING PENALTIES FOR THE VIOLATION OF AND PROVISIONS FOR ENFORCEMENT OF THESE RESTRICTIONS; ESTABLISHING PROCEDURES FOR GRANTING VARIANCES; AND PROVIDING SEVERABILITY AND EFFECTIVE DATE.

WHEREAS, the City of Lufkin, Texas recognizes that the amount of water available to the City and its water utility customers is limited and subject to depletion during periods of extended drought;

WHEREAS, the City recognizes that natural limitations due to drought conditions and other acts of God cannot guarantee an uninterrupted water supply for all purposes;

WHEREAS, Section 12.1272 of the Texas Water Code and applicable rules of the Texas Natural Resource Conservation Commission require all public water supply systems in Texas to prepare a drought contingency plan; and

WHEREAS, as authorized under law, and in the best interests of the citizens of Lufkin, Texas, the City Council deems it expedient and necessary to establish certain rules and policies for the orderly and efficient management of limited water supplies during drought and other water supply emergencies;

NOW THEREFORE, BE IT ORDAINED BY THE CITY OF LUFKIN, TEXAS:

SECTION 1.

That the City of Lufkin, Texas Drought contingency Plan attached hereto as Exhibit "A" and made part hereof for all purposes be, and the same is hereby, adopted as the official policy of the City.

SECTION 2.

That all ordinances that are in conflict with the provisions of this ordinance be, and the same are hereby, repealed and all other ordinances of the City not in conflict with the provisions of this ordinance shall remain in full force and effect.

SECTION 3.

Should any paragraph, sentence, subdivision, clause, phrase, or section of this ordinance be adjudged or held to be unconstitutional, illegal or invalid, the same shall not affect the validity of this ordinance as a whole or any part or provision thereof, other than the part so declared to be invalid, illegal or unconstitutional.

SECTION 4.

This ordinance shall take effect immediately from and after its passage and the publication of the caption, as the law in such cases provides.

EXHIBIT A
DROUGHT CONTINGENCY PLAN
FOR THE
CITY OF LUFKIN
December 1999

Section I: Declaration of Policy, Purpose, and Intent

In order to conserve the available water supply and protect the integrity of water supply facilities, with particular regard for domestic water use, sanitation, and fire protection, and to protect and preserve public health, welfare, and safety and minimize the adverse impacts of water supply shortage or other water supply emergency condition, the City of Lufkin hereby adopts the following regulations and restrictions on the delivery and consumption of water.

Water uses regulated or prohibited under this Drought Contingency Plan (the Plan) are considered to non-essential and continuation of such uses during times of water shortage or other emergency water supply condition are deemed to constitute a waste of water which subjects the offender(s) to penalties as defined in Section XI of this Plan.

Section II: Public Involvement

Opportunity for the public to provide input into the preparation of the Plan was provided by the City of Lufkin by means of a regularly scheduled council meeting held on December 7, 1999.

Section III: Public Education

The City of Lufkin will periodically provide the public with information about the Plan, including information about the conditions under which each stage of the Plan is to be initiated or terminated and the drought response measures to be implemented in each stage. This information will be provided by means of press releases and direct mailings to customers.

Section IV: Coordination with Regional Water Planning Groups

The service area of the City of Lufkin is located within the Region I Water Planning Area and the City of Lufkin has provided a copy of this Plan to the Region I Water Planning Group.

Section V: Authorization

The City Manager or his/her designee is hereby authorized and directed to implement the applicable provisions of this Plan upon determination that such implementation is necessary to protect public health, safety, and welfare. The City Manager or his/her designee, shall have the authority to initiate or terminate drought or other water supply emergency response measures as described in this Plan.

Section VI: Application

The provisions of this Plan shall apply to all persons, customers, and property utilizing water provided by the City of Lufkin. The terms "person" and "customer" as used in the Plan include individuals, corporations, partnerships, associations, and all other legal entities.

Section VII: Definitions

For the purposes of this Plan, the following definitions shall apply:

Aesthetic water use: water use for ornamental or decorative purposes such as fountains, reflecting pools, and water gardens.

Commercial and institutional water use: water used which is integral to the operations of commercial and non-profit establishments and governmental entities such as retail establishments, hotels and motels, restaurants, and office buildings.

Conservation: those practices, techniques, and technologies that reduce the consumption of water, reduce the loss or waste of water, improve the efficiency in the use of water or increase the recycling and reuse of water so that a supply is conserved and made available for future or alternative uses.

Customer: any person, company, or organization using water supplied by City of Lufkin.

Domestic water use: water use for personal needs or for household or sanitary purposes such as drinking, bathing, heating, cooking, sanitation, or for cleaning a residence, business, industry or institution.

Even number address: street addresses, box numbers, or rural postal route numbers ending in 0, 2, 4, 6, or 8 and locations without addresses.

Industrial water use: the use of water in processes designed to convert materials of lower value into forms having greater usability and value.

Landscape irrigation use: water used for the irrigation and maintenance of landscaped areas, whether publicly or privately owned, including residential and commercial lawns, gardens, golf courses, parks, and rights-of-way and medians.

Non-essential water use: water uses that are not essential nor required for the protection of public, health, safety, and welfare, including:

(a) irrigation of landscape areas, including parks, athletic fields, and golf courses, except otherwise provided under this Plan;
(b) use of water to wash any motor vehicle, motorbike, boat, trailer, airplane or other vehicle;
(c) use of water to wash down any sidewalks, walkways, driveways, parking lots, tennis courts, or other hard-surfaced areas;
(d) use of water to wash down buildings or structures for purposes other than immediate fire protection;
(e) flushing gutters or permitting water to run or accumulate in any gutter or street;
(f) use of water to fill, refill, or add to any indoor or outdoor swimming pools or Jacuzzi-type pools;
(g) use of water in a fountain or pond for aesthetic or scenic purposes except where necessary to support aquatic life;
(h) failure to repair a controllable leak(s) within a reasonable period after having been give notice directing the repair of such leak(s); and
(i) use of water from hydrants for construction purposes or any other purposes other than fire fighting.

Odd numbered address: street addresses, box numbers, or rural postal route numbers ending in 1, 3, 5, 7, or 9.

Section VIII: Triggering Criteria for Initiation and Termination of Drought Response Stages

The City Manager, or his/her designee, shall monitor water supply and/or demand conditions on a daily basis and shall determine when conditions warrant initiation or termination of each stage of the Plan. Public notification of the initiation or termination of drought response stages shall be by means of a press release to all local newspapers, radio stations, cable-tv interrupt, and television stations.

The triggering criteria described below are based on system capacity and distribution system computer modeling under record drought conditions.

(b) Stage 1 - Mild Water Shortage Conditions

Requirements for initiation - Customers shall be requested to voluntarily conserve water and adhere to the prescribed restrictions on certain water uses; defined in Section VII - Definitions, when total daily water demand equals or exceeds 13.0 million gallons for 3 consecutive days or 13.5 million gallons on a single day based on the "safe" operating capacity of water supply facilities.

Requirements for termination - Stage 1 of the Plan may be rescinded when all of the conditions listed as triggering events have ceased to exist for a period of 3 consecutive days.

(c) Stage 2 - Moderate Water Shortage Conditions

Requirements for initiation - Customers shall be required to comply with the requirements and restrictions on certain non-essential water uses provided in Section VII of this Plan when total daily water demand equals or exceeds 14.0 million gallons for 3 consecutive days or 15.0 million gallons on a single day based on the "safe" operating capacity of water supply facilities.

Requirements for termination - Stage 2 of the Plan may be rescinded when all of the conditions listed as triggering events have ceased to exist for a period of 3 consecutive days. Upon termination of Stage 2, Stage 1 becomes operative.

(d) Stage 3 - Severe Water Shortage Conditions

Requirements for initiation - Customers shall be required to comply with the requirements and restrictions on certain non-essential water uses for Stage 3 of this Plan when total daily water demand equals or exceeds 15.0 million gallons for 3 consecutive days or 15.5 million gallons on a single day based on the "safe" operating capacity of water supply facilities.

Requirements for termination - Stage 3 of the Plan may be rescinded when all of the conditions listed as triggering events have ceased to exist for a period of 3 consecutive days. Upon termination of Stage 3, Stage 2 becomes operative.

(e) Stage 4 - Critical Water Shortage Conditions

Requirements for initiation - Customers shall be required to comply with the requirements and restrictions on certain non-essential water uses for Stage 4 of this Plan when total daily water demand equals or exceeds 16.0 million gallons on a single day.

Requirements for termination - Stage 4 of the Plan may be rescinded when all of the conditions listed as triggering events have ceased to exist for a period of 3 consecutive days. Upon termination of Stage 4, Stage 3 becomes operative.

(f) Stage 5 - Emergency Water Shortage Conditions

Requirements for initiation - Customers shall be required to comply with the requirements

and restrictions for Stage 5 of this Plan when the City Manager, or his/her designee, determines that a water supply emergency exists based on:

1. Major water line breaks, or pump or system failures occur, which cause unprecedented loss of capability to provide water service; or

2. Natural or man-made contamination of the water supply source(s); or

3. Contamination of the water distribution system due to losses of system pressure.

Requirements for termination - Stage 5 of the Plan may be rescinded when all of the conditions listed as triggering events have ceased to exist for a period of 3 consecutive days.

(g) Water Rationing

Requirements for initiation - Customers shall be required to comply with the water allocation plan prescribed in Section X of this Plan when the City Manager, or his/her designee, determines that a water supply emergency exists based on Stage 5 conditions

Requirements for termination - Water rationing may be rescinded when all of the conditions listed as triggering events have ceased to exist for a period of 3 consecutive days.

Section IX: Drought Response Stages

The City Manager , or his/her designee, shall monitor water supply and/or demand conditions on a daily basis and, in accordance with the triggering criteria set forth in Section VIII of the Plan, shall determine that a mild, moderate, severe, critical, or emergency condition exists and shall implement the following actions upon publication of notice in a newspaper of general circulation:

Stage 1 - Mild Water Shortage Conditions

Goal: Achieve a voluntary 10 percent reduction in daily water demand.

Supply Management Measures:

Raise public awareness of the situation through direct mail-outs of brochures on water conservation methods. Issue press release.

Voluntary Water Use Restrictions:

(a) Water customers are requested to voluntarily limit the irrigation of landscaped areas to Sundays and Thursdays for customers with a street address ending in an even number (0, 2, 4, 6, or 8), and Saturdays and Wednesdays for water customers with a street address ending in an odd number (1, 3, 5, 7, or 9), and to irrigate landscapes only between the hours of midnight and 10:00 a.m. and 8:00 p.m. to midnight on designated watering days.

(b) All operations of the City of Lufkin shall adhere to water use restrictions prescribed for Stage 2 of the Plan.

(c) Water customers are requested to practice water conservation and to minimize or discontinue water use for non-essential purposes.

Stage 2 - Moderate Water Shortage Conditions

Goal: Achieve a 10 percent reduction in daily water demand.

Supply Management Measures:

Reduce flushing of water mains. Reduce irrigation of public landscaped areas. Issue press release.

Water Use Restrictions. Under threat of penalty for violation, the following water use restrictions shall apply to all persons:

1. Irrigation of landscaped areas with hose-end sprinklers or automatic irrigation systems shall be limited to Sundays and Thursdays for customers with a street address ending in an even number (0, 2, 4, 6, or 8), and Saturdays and Wednesdays for water customers with a street address ending in an odd number (1, 3, 5, 7 or 9), and irrigation of landscaped areas is further limited to the hours of 2:00 a.m. until 5:00 a.m. and between 9:00 p.m. and 12:00 midnight on designated watering days. However, irrigation of landscaped areas is permitted at any time if it is by means of a hand-held hose, a faucet filled bucket or watering can of five (5) gallons or less, or drip irrigation system.

2. Use of water to wash any motor vehicle, motorbike, boat, trailer, airplane or other vehicle is prohibited except on designated watering days between the hours of 12:00 midnight and 10:00 a.m. and between 8:00 p.m. and 12:00 midnight. Such washing, when allowed, shall be done with a hand-held bucket or a hand-held hose equipped with a positive shutoff nozzle for quick rises. Vehicle washing may be done at any time on the immediate premises of a commercial car wash or commercial service station. Further, such washing may be exempted from these regulations if the health, safety, and welfare of the public is contingent upon frequent vehicle cleansing, such as garbage trucks and vehicles used to transport food and perishables.

3. Use of water to fill, refill, or add to any indoor or outdoor swimming pools, wading pools, or Jacuzzi-type pools is prohibited except on designated watering days between the hours of 12:00 midnight and 10:00 a.m. and between 8:00 p.m. and 12:00 midnight.

4. Operation of any ornamental fountain or pond for aesthetic or scenic purposes is prohibited except where necessary to support aquatic life or where such fountains or ponds are equipped with a recirculation system.

5. Use of water from hydrants shall be limited to fire fighting, related activities, or other activities necessary to maintain public health, safety, and welfare, except that use of water from designated fire hydrants for construction purposes may be allowed under special permit from the City of Lufkin .

6. Use of water for the irrigation of golf course greens, tees, and fairways is prohibited except on designated watering days between the hours of 12:00 midnight and 10:00 a.m. and between 8:00 p.m. and 12:00 midnight. However, if the golf course utilizes a water source other than that provided by the City of Lufkin , the facility shall not be subject to these regulations.

7. All restaurants are prohibited from serving water to its patrons except when requested.

8. The following uses of water are defined as non-essential and are prohibited:

(a) wash down of any sidewalks, walkways, driveways, parking lots, tennis courts, or other hard-surfaced areas;
(b) use of water to wash down buildings or structures for purposes other than immediate fire protection;
(c) use of water for dust control;
(d) flushing gutters or permitting water to run or accumulate in any gutter or street; and
(e) failure to repair a controllable leak(s) within a reasonable period after having been given notice directing the repair of such leak(s).

Stage 3 - Severe Water Shortage Conditions

Goal: Achieve a 10 percent reduction in daily water demand.

Supply Management Measures:

Discontinue all flushing of water mains. Discontinue all irrigation of public landscaped areas. Implement existing water contracts or agreements with adjacent water providers. Move personnel to leak repair crew and add evening shift. Issue press release.

1. Water Use Restrictions. All requirements of Stage 2 shall remain in effect during Stage 3 except:

(a) Irrigation of landscaped areas shall be limited to designated watering days between the hours of 2:00 a.m. and 5:00 a.m. and between 9:00 p.m. and 12:00 midnight and shall be by means of hand-held hoses, hand-held buckets, drip irrigation, or permanently installed automatic sprinkler system only. The use of hose-end sprinklers is prohibited at all times.

(b) The watering of golf course tees is prohibited unless the golf course utilizes a water source other than that provided by the City of Lufkin .

(c) The use of water for construction purposes from designated fire hydrants under special permit is to be discontinued.

Stage 4 - Critical Water Shortage Conditions

Goal: Achieve a 10 Percent reduction in daily water demand.

Supply Management Measures:

Discontinue all unnecessary water use by City personnel. Move personnel to leak repair crews. Provide personnel to enforcement crews to insure compliance with the drought contingency ordinance. Reduce water to wholesale customers. Issue press release.

Water Use Restrictions. All requirements of Stage 2 and 3 shall remain in effect during Stage 4 except:

(a) Irrigation of landscaped areas shall be limited to designated watering days between the hours of 2:00 a.m. and 4:00 a.m. and between 9:00 p.m. and 10:00 p.m. and shall be by means of hand-held hoses, hand-held buckets, or drip irrigation only. The use of hose-end sprinklers or

permanently installed automatic sprinkler systems are prohibited at all times.

(b) Use of water to wash any motor vehicle, motorbike, boat, trailer, airplane or other vehicle not occurring on the premises of a commercial car wash and commercial service stations and not in the immediate interest of public health, safety, and welfare is prohibited. Further, such vehicle washing at commercial car washes and commercial service stations shall occur only between the hours of 6:00 a.m. and 10:00 a.m. and between 6:00 p.m. and 10:00 p.m.

(c) The filling, refilling, or adding of water to swimming pools, wading pools, and Jacuzzi-type pools is prohibited.

(d) Operation of any ornamental fountain or pond for aesthetic or scenic purposes is prohibited except where necessary to support aquatic life or where such fountains or ponds are equipped with a recirculation system.

(e) No applications for new, additional, expanded, or increased-in-size water service connections, meters, service lines, pipeline extensions, mains, or water service facilities of any kind shall be allowed or approved.

Stage 5 - Emergency Water Shortage Conditions

Goal: Achieve a 10 percent reduction in daily water demand.

Supply Management Measures:

Reduce unessential personnel. Move personnel to enforcement teams. Have emergency crews and equipment on 24 hour standby. Activate 24 hour leak repair crews. Eliminate wholesale water usage. Issue press release.

Water Use Restrictions. All requirements of Stage 2, 3, and 4 shall remain in effect during Stage 5 except:

(a) Irrigation of landscaped areas is absolutely prohibited.

(b) Use of water to wash any motor vehicle, motorbike, boat, trailer, airplane or other vehicle is absolutely prohibited.

Section X: Water Rationing

In the event that water shortage conditions threaten public health, safety, and welfare, the City Manager is hereby authorized to ration water according to the following water allocation plan:

Single-Family Residential Customers

The allocation to residential water customers residing in a single-family dwelling shall be as follows:

Persons per Household	Gallons per Month
1 or 2	6,000
3 or 4	7,000
5 or 6	8,000
7 or 8	9,000
9 or 10	10,000
11 or more	12,000

"Household" means the residential premises served by the customer's meter. "Persons per household" includes only those persons currently physically residing at the premises and expected to reside there for the entire billing period. It shall be assumed that a particular customer's household is comprised of two (2) persons unless the customer notifies the City of Lufkin of a greater number of persons per household on a form prescribed by the City Manager. The City Manager shall give his/her best effort to see that such forms are mailed, otherwise provided, or made available to every residential customer. If, however, a customer does not receive such a form, it shall be the customer's responsibility to go to the City of Lufkin offices to complete and sign the form claiming more than two (2) persons per household. New customers may claim more persons per household at the time of applying for water service on the form prescribed by the City Manager. When the number of persons per household increases so as to place the customer in a different allocation category, the customer may notify the City of Lufkin on such form and the change will be implemented in the next practicable billing period. If the number of persons in a household is reduced, the customer shall notify the City of Lufkin in writing within (2) days. In prescribing the method for claiming more than two (2) persons per household, the City Manager shall adopt methods to insure the accuracy of the claim. Any person who knowingly, recklessly, or with criminal negligence falsely reports the number of persons in a household or fails to timely notify the City of Lufkin of a reduction in the number of persons in a household shall be fined not less than $1,000.00.

Residential water customers shall pay the following surcharges:

$50.00 for the first 1,000 gallons over allocation.
$100.00 for the second 1,000 gallons over allocation.
$150.00 for the third 1,000 gallons over allocation.
$200.00 for each additional 1,000 gallons over allocation.

Surcharge shall be cumulative.

Master-Metered Multi-Family Residential Customers

The allocation to a customer billed from a master meter which jointly measures water to multiple permanent residential dwelling units (e.g., apartments, mobile homes) shall be allocated 6,000 gallons per month for each dwelling unit. If shall be assumed that such a customer's meter serves two dwelling units unless the customer notifies the City of Lufkin of a greater number on a form prescribed by the City Manager. The City Manager shall give his/her best effort to see that such forms are mailed, otherwise provided, or made available to every such customer. If, however, a customer does not receive such a form, it shall be the customer's responsibility to go to the City of Lufkin offices to complete and sign the form claiming more than two (2) dwellings. A dwelling unit may be claimed under this provision whether it is occupied or not. New customers may claim more dwelling units at the time of applying for water service on the form prescribed by the City Manager. If the number of dwelling units served by a master meter is reduced, the customer shall notify the City of Lufkin in writing within two (2) days. In prescribing the method for claiming more than two (2) dwelling units, the City Manager shall adopt methods to insure the accuracy of the claim. Any person who knowingly, recklessly, or with criminal negligence falsely reports the number of dwelling units served by a master meter or fails to timely notify the City of Lufkin of a reduction in the number of persons in a household shall be fined not less than $2,000.00. Customers billed from a master meter under this provision shall pay the following monthly surcharges:

$200.00 for 1,000 gallons over allocation up through 1,000 gallons for each dwelling unit.

$ 300.00 ,thereafter, for each additional 1,000 gallons over allocation up through a second 1,000 gallons for each dwelling unit.

$ 400.00 , thereafter, for each additional 1,000 gallons over allocation up through a third 1,000 gallons for each dwelling unit.

$ 500.00 , thereafter for each additional 1,000 gallons over allocation.

Surcharges shall be cumulative.

Commercial Customers

A monthly water usage allocation shall be established by the City Manager , or his/her designee, for each nonresidential commercial customer other than an industrial customer who uses water for processing purposes. The non-residential customer's allocation shall be approximately 75% percent of the customer's usage for corresponding month's billing period for the previous 12 months. If the customer's billing history is shorter than 12 months, the monthly average for the period for which there is a record shall be used for any monthly period for which no history exists. The City Manager shall give his/her best effort to see that notice of each non-residential customer's allocation is mailed to such customer. If, however, a customer does not receive such notice, it shall be the customer's responsibility to contact the City of Lufkin to determine the allocation. Upon request of the customer or at the initiative of the City Manager , the allocation may be reduced or increased if, (1) the designated period does not accurately reflect the customer's normal water usage, (2) one nonresidential customer agrees to transfer part of its allocation to another nonresidential customer, or (3) other objective evidence demonstrates that the designated allocation is inaccurate under present conditions. A customer may appeal an allocation established hereunder to the City Council . Nonresidential commercial customers shall pay the following surcharges:

Customers whose allocation is 0 gallons through 6000 gallons per month:

$ 50.00 per thousand gallons for the first 1,000 gallons over allocation.
$ 100.00 per thousand gallons for the second 1,000 gallons over allocation.
$ 150.00 per thousand gallons for the third 1,000 gallons over allocation.
$ 200.00 per thousand gallons for each additional 1,000 gallons over allocation.

Customers whose allocation is 6001 Gallons per month or more:

$ 100.00 per thousand gallons for the first 1,000 gallons over allocation.
$ 200.00 per thousand gallons for the second 1,000 gallons over allocation.
$ 300.00 per thousand gallons for the third 1,000 gallons over allocation.
$ 400.00 per thousand gallons for each additional 1,000 gallons over allocation.

The surcharges shall be cumulative.

Industrial Customers

A monthly water usage allocation shall be established by the City Manager , or his/her designee, for each industrial customer, which uses water for processing purposes. The industrial customer's allocation shall be approximately 85 percent of the customer's water usage baseline. Ninety (90) days after the initial imposition of the allocation for industrial customers, the industrial customer's allocation shall be further reduced to 80 percent of the customer's water usage baseline. The industrial customer's water usage baseline will be computed on the average water usage for the 12 month period ending prior to the date of implementation of Stage 2 of the Plan. If the industrial water customer's billing history is shorter than 12

months, the monthly average for the period for which there is a record shall be used for any monthly period for which no billing history exists. The City Manager shall give his/her best effort to see that notice of each industrial customers allocation is mailed to such customer. If, however, a customer does not receive such notice, it shall be the customer's responsibility to contact the City of Lufkin to determine the allocation, and the allocation shall be fully effective notwithstanding the lack of receipt of written notice. Upon request of the customer or at the initiative of the City Manager, the allocation may be reduced or increased, (1) if the designated period does not accurately reflect the customer's normal water usage because the customer had shutdown a major processing unit for repair or overhaul during the period, (2) the customer has added or is in the process of adding significant additional processing capacity, (3) the customer has shutdown or significantly reduced the production of a major processing unit, (4) the customer has previously implemented significant permanent water conservation measures such that the ability to further reduce usage is limited, (5) the customer agrees to transfer part of its allocation to another industrial customer, or (6) if other objective evidence demonstrates that the designated allocation is inaccurate under present conditions. A customer may appeal an allocation established hereunder to the City Council. Industrial customers shall pay the following surcharges:

Customers whose allocation is 0 gallons through 300,000 gallons per month:

$100.00 per thousand gallons for the first 1,000 gallons over allocation.
$200.00 per thousand gallons for the second 1,000 gallons over allocation.
$300.00 per thousand gallons for the third 1,000 gallons over allocation.
$400.00 per thousand gallons for each additional 1,000 gallons over allocation.

Customers whose allocation is 300,001 gallons per month or more:

$200.00 per thousand gallons for the first 1,000 gallons over allocation.
$400.00 per thousand gallons for the second 1,000 gallons over allocation.
$600.00 per thousand gallons for the third 1,000 gallons over allocation.
$800.00 per thousand gallons for each additional 1,000 gallons over allocation.

The surcharges shall be cumulative.

Section XI: Enforcement

(a) No person shall knowingly or intentionally allow the use of water from the City of Lufkin for residential, commercial, industrial, agricultural, governmental, or any other purpose in a manner contrary to any provision of this Plan, or in an amount in excess of that permitted by the drought response state in effect at the time pursuant to action taken by City Manager, or his/her designee, in accordance with provisions of this Plan.

(b) Any person who violates this Plan is guilty of a misdemeanor and, upon conviction shall be punished by a fine of not less than one thousand dollars ($1000.00) and not more than two thousand dollars ($2000.00). Each day that one or more of the provisions in this Plan is violated shall constitute a separate offense. If a person is convicted of three or more distinct violations of this Plan, the City Manager shall, upon due notice to the customer, be authorized to discontinue water service to the premises where such violations occur. Services discontinued under such circumstances shall be restored only upon payment of a reconnection charge, hereby established at $2000.00, and any other costs incurred by the City of Lufkin in discontinuing service. In addition, suitable assurance must be given to the City Manager that the same action shall not be repeated while the Plan is in effect. Compliance with this

plan may also be sought through injunctive relief in the district court.

(c) Any person, including a person classified as a water customer of the City of Lufkin, in apparent control of the property where a violation occurs or originates shall be presumed to be the violator, and proof that the violation occurred on the person's property shall constitute a rebuttable presumption that the person in apparent control of the property committed the violation, but any such person shall have the right to show that he/she did not commit the violation. Parents shall be presumed to be responsible for violations of their minor children and proof that a violation, committed by a child, occurred on property within the parents' control shall constitute a rebuttable presumption that the parent committed the violation, but any such parent may be excused is he/she proves that he/she had previously directed the child not to use the water as it was used in violation of this Plan and that the parent could not have reasonably known of the violation.

(d) Any employee of the City of Lufkin designated as code enforcement, police officer, City Engineer, Public Works Director, Water Utilities Director, or other employee designated by the City Manager, may issue a citation to a person he/she reasonably believes to be in violation of this Ordinance. The citation shall be prepared in duplicate and shall contain the name and address of the alleged violator, if known, the offense charged, and shall direct him/her to appear in the municipal court on the date shown on the citation for which the date shall not be less than 3 days nor more than 5 days from the date the citation was issued. The alleged violator shall be served a copy of the citation. Service of the citation shall be complete upon delivery of the citation to the alleged violator, to an agent or employee of a violator, or to a person over 14 years of age who is a member of the violator's immediate family or is a resident of the violator's residence. The alleged violator shall appear in municipal court to enter a plea of guilty or not guilty for the violation of this Plan. If the alleged violator fails to appear in municipal court, a warrant for his/her arrest may be issued. A summons to appear may be issued in lieu of an arrest warrant. These cases shall be expedited and given preferential setting in municipal court before all other cases.

Section XII: Variances

The City Manager, or his/her designee, may, in writing, grant temporary variance for existing water uses otherwise prohibited under this Plan if it is determined that failure to grant such variance would cause an emergency condition adversely affecting the health, sanitation, or fire protection for the public or the person requesting such variance and if one or more of the following conditions are met:

(a) Compliance with this Plan cannot be technically accomplished during the duration of the water supply shortage or other condition for which the Plan is in effect.

(b) Alternative methods can be implemented which will achieve the same level of reduction in water use.

Persons requesting an exemption from the provisions of this Ordinance shall file a petition for variance with the City of Lufkin within 5 days after the Plan or a particular drought response stage has been invoked. All petitions for variances shall be reviewed by the City Manager, or his/her designee, and shall include the following:

(a) Name and address of the petitioner(s).
(b) Purpose of water use.
(c) Specific provision(s) of the Plan from which the petitioner is requesting relief.
(d) Detailed statement as to how the specific provision of the Plan adversely affects the petitioner or what damage or harm will occur to the petitioner or others if

petitioner complies with this Ordinance.

(e) Description of the relief requested.
(f) Period of time for which the variance is sought.
(g) Alternative water use restrictions or other measures the petitioner is taking or proposes to take to meet the intent of this Plan and the compliance date.
(h) Other pertinent information.

Variances granted by the City of Lufkin shall be subject to the following conditions, unless waived or modified by the City Manger or his/her designee;

(a) Variances granted shall include a timetable for compliance.
(b) Variances granted shall expire when the Plan is no longer in effect, unless the petitioner failed to meet specified requirements.

No variance shall be retroactive or otherwise justify any violation of this Plan occurring prior to the issuance of the variance.

Section XIII: Severability

It is hereby declared to be the intention of the City of Lufkin that the sections, paragraphs, sentences, clauses, and phrases of this Ordinance are severable and, if any phrase, clause, sentence, paragraph, or section of this Plan shall be declared unconstitutional by the valid judgement or decree of any court of competent jurisdiction, such unconstitutionality shall not affect any of the remaining phrases, clauses, sentences, paragraphs, and sections of this Plan, since the same would not have been enacted by the City of Lufkin without the incorporation into this Plan of any such unconstitutional phrase, clause, sentence, paragraph, or section.

ORDINANCE NO. 423

AN ORDINANCE OF THE CITY OF LUFKIN TEXAS, ADOPTING A DROUGHT CONTINGENCY PLAN FOR PURCHASERS OF WHOLESALE WATER; ESTABLISHING CRITERIA FOR THE INITIATION AND TERMINATION OF DROUGHT RESPONSE STAGES; ESTABLISHING RESTRICTIONS ON CERTAIN WATER USES; ESTABLISHING PENALTIES FOR THE VIOLATION OF AND PROVISIONS FOR ENFORCEMENT OF THESE RESTRICTIONS; ESTABLISHING PROCEDURES FOR GRANTING VARIANCES; AND PROVIDING SEVERABILITY AND EFFECTIVE DATE.

WHEREAS, the City of Lufkin, Texas recognizes that the amount of water available to the City and its wholesale water customers is limited and subject to depletion during periods of extended drought;

WHEREAS, the City recognizes that natural limitations due to drought conditions and other acts of God cannot guarantee an uninterrupted water supply for all purposes;

WHEREAS, Section 12.1272 of the Texas Water Code and applicable rules of the Texas Natural Resource Conservation Commission require all public water supply systems in Texas to prepare a drought contingency plan; and

WHEREAS, Section 11.039 of the Texas Water Code authorizes water suppliers to distribute available water supplies on a pro rata basis during times of water supply shortage; and

WHEREAS, as authorized under law, and in the best interests of the citizens of Lufkin, Texas, the City Council deems it expedient and necessary to establish certain rules and policies for the orderly and efficient management of limited water supplies during drought and other water supply emergencies;

NOW THEREFORE, BE IT ORDAINED BY THE CITY OF LUFKIN, TEXAS:

SECTION 1.

That the City of Lufkin, Texas Drought contingency Plan For Purchasers of Wholesale Water attached hereto as Exhibit "A" and made part hereof for all purposes be, and the same is hereby, adopted as the official policy of the City.

SECTION 2.

That all ordinances that are in conflict with the provisions of this ordinance be, and the same are hereby, repealed and all other ordinances of the City not in conflict with the provisions of this ordinance shall remain in full force and effect.

SECTION 3.

Should any paragraph, sentence, subdivision, clause, phrase, or section of this ordinance be adjudged or held to be unconstitutional, illegal or invalid, the same shall not affect the validity of this ordinance as a whole or any part or provision thereof, other than the part so declared to be invalid, illegal or unconstitutional.

SECTION 4.

This ordinance shall take effect immediately from and after its passage and the publication of the caption, as the law in such cases provides.

EXHIBIT A

DROUGHT CONTINGENCY PLAN FOR PURCHASERS OF WHOLESALE WATER IN THE CITY OF LUFKIN

May 2000

Section I: Declaration of Policy, Purpose, and Intent

In order to conserve the available water supply and protect the integrity of water supply facilities, with particular regard for domestic water use, sanitation, and fire protection, and to protect and preserve public health, welfare, and safety and minimize the adverse impacts of water supply shortage or other water supply emergency condition, the City of Lufkin hereby adopts the following regulations and restrictions on the delivery and consumption of water.

Water uses regulated or prohibited under this Drought Contingency Plan (the Plan) are considered to non-essential and continuation of such uses during times of water shortage or other emergency water supply condition are deemed to constitute a waste of water which subjects the offender(s) to penalties as defined in Section XI of this Plan.

Section II: Public Involvement

Opportunity for the public and wholesale water customers to provide input into the preparation of the Plan was provided by the City of Lufkin by means of a regularly scheduled council meeting held on _____.

Section III: Wholesale Water Customer Education

The City of Lufkin will periodically provide the wholesale water customers with information about the Plan, including information about the conditions under which each stage of the Plan is to be initiated or terminated and the drought response measures to be implemented in each stage. This information will be provided by means of press releases and direct mailings to customers.

Section IV: Coordination with Regional Water Planning Groups

The service area of the City of Lufkin is located within the Region I Water Planning Area and the City of Lufkin has provided a copy of this Plan to the Region I Water Planning Group.

Section V: Authorization

The City Manager or his/her designee is hereby authorized and directed to implement the applicable provisions of this Plan upon determination that such implementation is necessary to protect public health, safety, and welfare. The City Manager or his/her designee, shall have the authority to initiate or terminate drought or other water supply emergency response measures as described in this Plan.

Section VI: Application

The provisions of this Plan shall apply to all persons, customers, and property utilizing water provided by the City of Lufkin. The terms "person" and "customer" as used in the Plan include individuals, corporations, partnerships, associations, and all other legal entities.

Section VII: Triggering Criteria for Initiation and Termination of Drought Response Stages

The City Manager, or his/her designee, shall monitor water supply and/or demand conditions on a daily basis and shall determine when conditions warrant initiation or termination of each stage of the Plan. Public notification of the initiation or termination of drought response stages shall be by means of a press release to all local newspapers, radio stations, cable-tv interrupt, and television stations.

The triggering criteria described below are based on system capacity and distribution system computer modeling under record drought conditions.

(a) Stage 1 - Mild Water Shortage Conditions

Requirements for initiation - Customers shall be requested to voluntarily conserve water and adhere to the prescribed restrictions on certain water uses, defined in Section VII - Definitions, when total daily water demand equals or exceeds 13.0 million gallons for 3 consecutive days or 13.5 million gallons on a single day based on the "safe" operating capacity of water supply facilities.

Requirements for termination - Stage 1 of the Plan may be rescinded when all of the conditions listed as triggering events have ceased to exist for a period of 3 consecutive days.

(b) Stage 2 - Moderate Water Shortage Conditions

Requirements for initiation - Customers shall be required to comply with the requirements and restrictions on certain non-essential water uses provided in Section VII of this Plan when total daily water demand equals or exceeds 14.0 million gallons for 3 consecutive days or 15.0 million gallons on a single day based on the "safe" operating capacity of water supply facilities.

Requirements for termination - Stage 2 of the Plan may be rescinded when all of the conditions listed as triggering events have ceased to exist for a period of 3 consecutive days. Upon termination of Stage 2, Stage 1 becomes operative.

(c) Stage 3 - Severe Water Shortage Conditions

Requirements for initiation - Customers shall be required to comply with the requirements and restrictions on certain non-essential water uses for Stage 3 of this Plan when total daily water demand equals or exceeds 15.0 million gallons for 3 consecutive days or 15.5 million gallons on a single day based on the "safe" operating capacity of water supply facilities.

Requirements for termination - Stage 3 of the Plan may be rescinded when all of the conditions listed as triggering events have ceased to exist for a period of 3 consecutive days. Upon termination of Stage 3, Stage 2 becomes operative.

(d) Stage 4 - Critical Water Shortage Conditions

Requirements for initiation - Customers shall be required to comply with the requirements and restrictions on certain non-essential water uses for Stage 4 of this Plan when total daily water demand equals or exceeds 16.0 million gallons on a single day.

Requirements for termination - Stage 4 of the Plan may be rescinded when all of the conditions listed as triggering events have ceased to exist for a period of 3 consecutive days. Upon termination of Stage 4, Stage 3 becomes operative.

(e) Stage 5 - Emergency Water Shortage Conditions

Requirements for initiation - Customers shall be required to comply with the requirements and restrictions for Stage 5 of this Plan when the City Manager, or his/her designee, determines that a water supply emergency exists based on:

1. Major water line breaks, or pump or system failures occur, which cause unprecedented loss of capability to provide water service; **or**

2. Natural or man-made contamination of the water supply source(s); **or**

3. Contamination of the water distribution system due to losses of system pressure.

Requirements for termination - Stage 5 of the Plan may be rescinded when all of the conditions listed as triggering events have ceased to exist for a period of 3 consecutive days.

Section VIII: Drought Response Stages

The City Manager , or his/her designee, shall monitor water supply and/or demand conditions on a daily basis and, in accordance with the triggering criteria set forth in Section VIII of the Plan, shall determine that a mild, moderate, severe, critical, or emergency condition exists and shall implement the following actions upon publication of notice in a newspaper of general circulation:

Stage 1 - Mild Water Shortage Conditions

Goal: Achieve a voluntary 10 percent reduction in daily water demand.

Supply Management Measures:

Raise public awareness of the situation through direct mail-outs of brochures on water conservation methods. Issue press release.

Voluntary Water Use Restrictions:

(a) Water customers are requested to voluntarily limit the irrigation of landscaped areas to Sundays and Thursdays for customers with a street address ending in an even number (0, 2, 4, 6, or 8), and Saturdays and Wednesdays for water customers with a street address ending in an odd number (1, 3, 5, 7, or 9), and to irrigate landscapes only between the hours of midnight and 10:00 a.m. and 8:00 p.m. to midnight on designated watering days.

(b) All operations of the City of Lufkin shall adhere to water use restrictions prescribed for Stage 2 of the Plan.

(c) Water customers are requested to practice water conservation and to minimize or discontinue water use for non-essential purposes.

Demand Management Measures

(a) The City Manager, or his/her designee, will contact wholesale water customers to discuss water supply and/or demand conditions and will

request that wholesale water customers initiate voluntary measures to reduce water use as listed above.

(b) The City Manager, or his/her designee, will provide a weekly report to news media with information regarding current water supply and/or demand conditions, projected water supply and demand conditions if drought conditions persist, and consumer information on water conservation measures and practices.

Stage 2 - Moderate Water Shortage Conditions

Goal: Achieve a 10 percent reduction in daily water demand.

Supply Management Measures:

Reduce flushing of water mains. Reduce irrigation of public landscaped areas. Issue press release.

Water Use Restrictions. Under threat of penalty for violation, the following water use restrictions shall apply to all persons:

1. Irrigation of landscaped areas with hose-end sprinklers or automatic irrigation systems shall be limited to Sundays and Thursdays for customers with a street address ending in an even number (0, 2, 4, 6, or 8), and Saturdays and Wednesdays for water customers with a street address ending in an odd number (1, 3, 5, 7 or 9), and irrigation of landscaped areas is further limited to the hours of 2:00 a.m. until 5:00 a.m. and between 9:00 p.m. and 12:00 midnight on designated watering days. However, irrigation of landscaped areas is permitted at any time if it is by means of a hand-held hose, a faucet filled bucket or watering can of five (5) gallons or less, or drip irrigation system.

2. Use of water to wash any motor vehicle, motorbike, boat, trailer, airplane or other vehicle is prohibited except on designated watering days between the hours of 12:00 midnight and 10:00 a.m. and between 8:00 p.m. and 12:00 midnight. Such washing, when allowed, shall be done with a hand-held bucket or a hand-held hose equipped with a positive shutoff nozzle for quick rises. Vehicle washing may be done at any time on the immediate premises of a commercial car wash or commercial service station. Further, such washing may be exempted from these regulations if the health, safety, and welfare of the public is contingent upon frequent vehicle cleansing, such as garbage trucks and vehicles used to transport food and perishables.

3. Use of water to fill, refill, or add to any indoor or outdoor swimming pools, wading pools, or Jacuzzi-type pools is prohibited except on designated watering days between the hours of 12:00 midnight and 10:00 a.m. and between 8:00 p.m. and 12:00 midnight.

4. Operation of any ornamental fountain or pond for aesthetic or scenic purposes is prohibited except where necessary to support aquatic life or where such fountains or ponds are equipped with a recirculation system.

5. Use of water from hydrants shall be limited to fire fighting, related activities, or other activities necessary to maintain public health, safety, and welfare, except that use of water from designated fire hydrants for construction purposes may be allowed under special permit from the City of Lufkin .

6. Use of water for the irrigation of golf course greens, tees, and fairways is prohibited except on designated watering days between the hours of 12:00 midnight and 10:00 a.m. and between 8:00 p.m. and 12:00 midnight. However, if the golf course utilizes a water source other than that provided by the City of Lufkin , the facility shall not be subject to these regulations.

7. All restaurants are prohibited from serving water to its patrons except when requested.

8. The following uses of water are defined as non-essential and are prohibited:

   (a) wash down of any sidewalks, walkways, driveways, parking lots, tennis courts, or other hard-surfaced areas;
   (b) use of water to wash down buildings or structures for purposes other than immediate fire protection;
   (c) use of water for dust control;
   (d) flushing gutters or permitting water to run or accumulate in any gutter or street; and
   (e) failure to repair a controllable leak(s) within a reasonable period after having been given notice directing the repair of such leak(s).

Demand Management Measures:

(a) The City Manager, or his/her designees(s), will initiate weekly contact with wholesale water customers to discuss water supply and/or demand conditions and the possibility of pro rata curtailment of water

diversions and/or deliveries.

(b) The City Manager, or his/her designee(s), will request wholesale water customers to initiate mandatory measures to reduce non-essential water use (e.g., implement Stage 2 of the customer's drought contingency plan).

(c) The City Manager, or his/her designee(s), will initiate preparations for the implementation of pro rata curtailment of water diversions and/or deliveries by preparing a monthly water usage allocation baseline for each wholesale customer according to the procedures specified in Section VI of the Plan.

(d) The City Manager, or his/her designee(s), will provide a weekly report to news media with information regarding current water supply and/or demand conditions, projected water supply and demand conditions if drought conditions persist, and consumer information on water conservation measures and practices.

Stage 3 - Severe Water Shortage Conditions

Goal: Achieve a 10 percent reduction in daily water demand.

Supply Management Measures:

Discontinue all flushing of water mains. Discontinue all irrigation of public landscaped areas. Implement existing water contracts or agreements with adjacent water providers. Move personnel to leak repair crew and add evening shift. Issue press release.

1. Water Use Restrictions. All requirements of Stage 2 shall remain in effect during Stage 3 except:

(a) Irrigation of landscaped areas shall be limited to designated watering days between the hours of 2:00 a.m. and 5:00 a.m. and between 9:00 p.m. and 12:00 midnight and shall be by means of hand-held hoses, hand-held buckets, drip irrigation, or permanently installed automatic sprinkler system only. The use of hose-end sprinklers is prohibited at all times.

(b) The watering of golf course tees is prohibited unless the golf course utilizes a water source other than that provided by the City of Lufkin .

(c) The use of water for construction purposes from designated fire hydrants under special permit is to be discontinued.

Demand Management Measures:

(a) The City Manager, or his/her designee(s), will contact wholesale water customers to discuss water supply and/or demand conditions and will request that wholesale water customers initiate additional mandatory measures to reduce non-essential water use (e.g., implement Stage 3 of the customer's drought contingency plan).

(b) The City Manager, or his/her designee(s), will initiate pro rata curtailment of water diversions and/or deliveries for each wholesale customer according to the procedures specified in Section VI of the Plan.

(c) The City Manager, or his/her designee(s), will provide a weekly report to news media with information regarding current water supply and/or demand conditions, projected water supply and demand conditions if drought conditions persist, and consumer information on water conservation measures and practices.

Stage 4 - Critical Water Shortage Conditions

Goal: Achieve a 10 Percent reduction in daily water demand.

Supply Management Measures:

Discontinue all unnecessary water use by City personnel. Move personnel to leak repair crews. Provide personnel to enforcement crews to insure compliance with the drought contingency ordinance. Reduce water to wholesale customers. Issue press release.

Water Use Restrictions. All requirements of Stage 2 and 3 shall remain in effect during Stage 4 except:

(a) Irrigation of landscaped areas shall be limited to designated watering days between the hours of 2:00 a.m. and 4:00 a.m. and between 9:00 p.m. and 10:00 p.m. and shall be by means of hand-held hoses, hand-held buckets, or drip irrigation only. The use of hose-end sprinklers or permanently installed automatic sprinkler systems are prohibited at all times.

(b) Use of water to wash any motor vehicle, motorbike, boat, trailer, airplane or other vehicle not occurring on the premises of a commercial car wash and commercial service stations and not in the immediate interest of public health, safety, and welfare is prohibited. Further, such vehicle washing at commercial car washes and commercial service stations shall

occur only between the hours of 6:00 a.m. and 10:00 a.m. and between 6:00 p.m. and 10:00 p.m.

(c) The filling, refilling, or adding of water to swimming pools, wading pools, and Jacuzzi-type pools is prohibited.

(d) Operation of any ornamental fountain or pond for aesthetic or scenic purposes is prohibited except where necessary to support aquatic life or where such fountains or ponds are equipped with a recirculation system.

(e) No applications for new, additional, expanded, or increased-in-size water service connections, meters, service lines, pipeline extensions, mains, or water service facilities of any kind shall be allowed or approved.

Demand Management Measures:

(a) The City Manager, or his/her designee(s), will contact wholesale water customers to discuss water supply and/or demand conditions and will request that wholesale water customers initiate additional mandatory measures to reduce non-essential water use (e.g., implement Stage 4 of the customer's drought contingency plan).

Stage 5 - Emergency Water Shortage Conditions

Goal: Achieve a 10 percent reduction in daily water demand.

Supply Management Measures:

Reduce unessential personnel. Move personnel to enforcement teams. Have emergency crews and equipment on 24 hour standby. Activate 24 hour leak repair crews. Eliminate wholesale water usage. Issue press release.

Water Use Restrictions. All requirements of Stage 2, 3, and 4 shall remain in effect during Stage 5 except:

(a) Irrigation of landscaped areas is absolutely prohibited.

(b) Use of water to wash any motor vehicle, motorbike, boat, trailer, airplane or other vehicle is absolutely prohibited.

Section IX: Pro Rata Water Allocation

In the event that the triggering criteria specified in Section VII of the Plan for Stage 3 - Severe Water Shortage Conditions have been met, the City Manager is hereby authorized to initiate allocation of water supplies on a pro rata basis in accordance with Texas Water Code Section 11.039 and according to the following water allocation policies and procedures:

(a) A wholesale customer's monthly allocation shall be a percentage of the customer's water usage baseline. The percentage will be set by resolution of the City Council based on the City Managers assessment of the severity of the water shortage condition and the need to curtail water diversions and/or deliveries and may be adjusted periodically by resolution of the City Council as conditions warrant. Once pro rata allocation is in effect, water diversions by or deliveries to each wholesale customer shall be limited to the allocation established for each month.

(b) A water usage allocation shall be established by the City Manager, or his/her designee, for each wholesale customer. The wholesale customer's water usage for each Drought Response Stage will be computed based on a percentage of the maximum daily water usage as identified in the customers water supply contract with the City. The water available to wholesale customers will be reduced by the percent of desire water reduction as listed in each Drought Response Stage, Section VIII.

(c) The City Manager shall provide notice, by certified mail, to each wholesale customer informing them of their water usage allocations for each Drought Response Stage and shall notify the news media and the executive director of the Texas Natural Resource Conservation commission upon initiation of pro rata water allocation.

(d) Upon request of the customer or at the initiative of the City Manager, the allocation may be reduced or increased if, (1) the designated period does not accurately reflect the wholesale customer's normal water usage; (2) the customer agrees to transfer part of its allocation to another wholesale customer; or (3) other objective evidence demonstrates that the designated allocation is inaccurate under present conditions. A customer may appeal an allocation established hereunder to the City Council of the City of Lufkin.

Section X: Enforcement

During any period when pro rata allocation of available water supplies is in effect, wholesale customers shall pay the following surcharges on excess water diversions and/or deliveries:

(a) Two times the normal water charge per 1000 gallons for water diversions and/or deliveries in excess of the water allocation up through 5 percent above the water allocation.

(b) Two and one-half times the normal water charge per 1000 gallons for water diversions and/or deliveries in excess of the water allocation from 5 percent through 10 percent above the water allocation.

(c) Three times the normal water charge per 1000 gallons for water diversions and/or deliveries in excess of the water allocation from 10 percent through 15 percent above the water allocation.

(d) Three and one-half times the normal water charge per 1000 gallons for water diversions and/or deliveries more than 15 percent above the water allocation.

(e) The above surcharges shall be cumulative.

Section XI: Variances

The City Manager, or his/her designee, may, in writing, grant temporary variance to the pro rata water allocation policies provided by this Plan if it is determined that failure to grant such variance would cause an emergency condition adversely affecting the public health, welfare, or safety and if one or more of the following conditions are met:

(a) Compliance with this Plan cannot be technically accomplished during the duration of the water supply shortage or other condition for which the Plan is in effect.

(b) Alternative methods can be implemented which will achieve the same level of reduction in water use.

Persons requesting an exemption from the provisions of this plan shall file a petition for variance with the City of Lufkin within 5 days after pro rata allocation has been invoked. All petitions for variances shall be reviewed by the City Council and shall include the following:

(a) Name and address of the petitioner(s).
(b) Detailed statement with supporting data and information as to how the pro rata allocation of water under the policies and procedures established

in the Plan adversely affects the petitioner or what damage or harm will occur to the petitioner or others if petitioner complies with this Ordinance.

(c) Description of the relief requested.
(d) Period of time for which the variance is sought.
(e) Alternative measures the petitioner is taking or proposes to take to meet the intent of this Plan and the compliance date.
(f) Other pertinent information.

Variances granted by the City Council shall be subject to the following conditions, unless waived or modified by the City Council;

(a) Variances granted shall include a timetable for compliance.
(b) Variances granted shall expire when the Plan is no longer in effect, unless the petitioner failed to meet specified requirements.

No variance shall be retroactive or otherwise justify any violation of this Plan occurring prior to the issuance of the variance.

Section XII: Severability

It is hereby declared to be the intention of the City of Lufkin that the sections, paragraphs, sentences, clauses, and phrases of this Ordinance are severable and, if any phrase, clause, sentence, paragraph, or section of this Plan shall be declared unconstitutional by the valid judgement or decree of any court of competent jurisdiction, such unconstitutionality shall not affect any of the remaining phrases, clauses, sentences, paragraphs, and sections of this Plan, since the same would not have been enacted by the City of Lufkin without the incorporation into this Plan of any such unconstitutional phrase, clause, sentence, paragraph, or section.

Re: Purchase of property ("Property") from Abitibi-Consolidated Corp., a Delaware corporation ("Seller") by City of Lufkin, Texas ("Purchaser")
Your GF Number: [redacted]

Dear Mark:

We represent the Purchaser in connection with the purchase of the above-referenced Property. Set forth below are Purchaser's instructions for closing this transaction.

1. Enclosed with this letter for your use in closing the purchase are the first page and signature page (signed and acknowledged if required) by Purchaser from the following documents:

a. Settlement Statement **(except this signature page will be overnight mailed to you for delivery on March 18, 2009 directly by Paul Parker);**
b. Purchase and Sale Contract;
c. Assignment and Assumption of Utility Easements;

d. Transition Agreement;
e. Easement Agreement for Access and Utilities (For 4.216 Acre Tract);
f. Easement Agreement for Utilities (For Electric Substation - 0.590 Acre Tract);
g. Easement Agreement for Utilities (For 75 Foot Easement);
h. Easement Agreement for Utilities (For Sewer Easement);
i. Easement Agreement for Utilities (For Electric Easement); and
j. Bill of Sale **(except this signature page will be overnight mailed to you for delivery on March 18, 2009 directly by Paul Parker).**

2. Funds in the amount of $14,626,287.20 (the "Funds"), representing the net amount that is payable at closing by Purchaser with respect to the purchase price for the Property, will be wire transferred to you on Wednesday, March 18, 2009.

3. Also enclosed are copies of the following documents to be executed by Seller, the originals of which are to be delivered to your offices:

a. Special Warranty Deed (File in Angelina County);
b. Special Warranty Deed (File in Nacogdoches County);
c. Bill of Sale and Assignment of Groundwater Rights; and
d. Bill of Sale and Assignment of Surface Water Rights.

4. Please determine that all of the foregoing documents are fully and properly executed and acknowledged when appropriate. Please confirm that all blanks in the enclosed documents are completed including inserting the closing date, March 18, 2009.

5. Before you disburse any of the Funds or otherwise advise that this transaction has closed, please deliver to me one copy of the first page and signature page, certified by you to be true and correct, of each document referenced in Section 1 and Section 3, above. These documents are to be in the forms enclosed and/or earlier furnished to you. Also deliver to me with the foregoing documents a currently dated and effective title commitment or a certified specimen copy of the Owner Policy described below.

6. Please be certain that the documents referenced above as items **1.d., 1.e., 1.f., 1.g., 1.h., 1.i., 3.a., and 3.b.** are immediately recorded in the official public records of Angelina County, Texas (with the exception of the deed to be recorded in Nacogdoches County, Texas and labeled as such). The two deeds should be recorded before any of the other documents. **Please request that all original recorded documents be returned to my office.** Following the closing please forward to me the original fully signed bills of sale referenced above as items **1.j., 2.c., and 2.d.**

7. Before you disburse any of the Funds or otherwise advise Purchaser that this transaction has closed, please be certain that the title insurer is in a position to issue, and will issue, to Purchaser an owner policy of title insurance (the "Owner Policy") in the form prescribed by the Texas State Board of Insurance, written by the same underwriter that issued the Commitment for Title Insurance (the "Commitment") with an issuance date of March 10, 2009 and an effective date of February 27, 2009 under the above-referenced GF number. The Owner Policy must be issued in accordance with the Commitment, except as follows:

a. The Insured under the Owner Policy must read exactly as the Purchaser's name is set forth in the deeds;

b. The effective date of the Owner Policy must be the date on which the deeds are filed of record;

c. The property described in the Owner Policy must be the same property described in the deeds;

d. Fee simple title to the real property described in the deeds must be shown by the Owner Policy to be vested in Purchaser, and any easements benefiting the real property must be included in the description of the property insured by the Owner Policy;

e. Item 2 of schedule B of the Owner Policy must be modified to read "shortages in area" only.

f. Item 5 of Schedule B of the Owner Policy must be modified to except only to taxes, assessments, and stand-by fees for the year 2009 and subsequent years, not yet due and payable, and subsequent assessments for prior years due to change in land usage or ownership; and

g. All matters described on Schedule C of the Commitment must be satisfied and resolved to your complete satisfaction so that none of these matters will appear as exceptions in the Owner Policy.

8. By disbursing the Funds, you will certify to Purchaser that all matters disclosed in Schedule C of the Commitment have been or will be paid, satisfied, or otherwise resolved to the complete satisfaction of the title insurer before the issuance date of the Owner Policy and that no exceptions for any item on Schedule C of the Commitment will be contained in the Owner Policy.

9. If you will comply with these instructions, please sign a copy of this letter and return a copy to me along with the documents listed above before disbursing any of the Funds in connection with this transaction. If for any reason you cannot comply strictly with these instructions, then immediately return the Funds and the other items deposited by Purchaser in connection with this transaction.

If you have any questions regarding any aspect of this transaction, please call me at your earliest opportunity.

Very truly yours,

By _____

B. Closing Documents

1. At closing, Seller will deliver the following items:

Special Warranty Deed
Bill of Sale and Assignment (with respect to water interests)
Assignment of Interest in Recorded Easement Agreements
Evidence of Seller's authority to close this transaction

2. At closing, Buyer will deliver the following items:

Evidence of Buyer's authority to consummate this transaction

The documents listed in this section B are collectively known as the "Closing Documents."

C. Exhibits

The following are attached to and are a part of this contract:

Exhibit A—Description of the Real Property

Exhibit B—Representations

Exhibit C—Seller's Records

Exhibit D—Water Addendum to Contract

Exhibit E—Electricity Addendum to Contract

D. Purchase and Sale of Property

Seller agrees to sell and convey the Property to Buyer, and Buyer agrees to buy and pay Seller for the Property. The promises by Buyer and Seller stated in this contract are the consideration for the formation of this contract.

E. Interest on Earnest Money

Buyer may direct Title Company to invest the Earnest Money in an interest-bearing account in a federally insured financial institution by giving notice to Title Company and satisfying Title Company's requirements for investing the Earnest Money in an interest-bearing account. Any interest earned on the Earnest Money will be paid to the party that becomes entitled to the Earnest

Money.

F. Title and Survey

1. *Review of Title.* The following statutory notice is provided to Buyer on behalf of the real estate licensees, if any, involved in this transaction: Buyer is advised that it should either have the abstract covering the Property examined by an attorney of Buyer's own selection or be furnished with or obtain a policy of title insurance.

2. *Title Commitment; Title Policy.* "Title Commitment" means a Commitment for Issuance of an Owner Policy of Title Insurance by Title Company, as agent for Underwriter, stating the condition of title to the Land. The "effective date" stated in the Title Commitment must be after the Effective Date of this contract. "Title Policy" means an Owner Policy of Title Insurance issued by Title Company, as agent for Underwriter, in conformity with the last Title Commitment delivered to and approved by Buyer.

3. *Survey.* "Survey" means an on-the-ground, staked plat of survey and metes-and-bounds description of the Land, prepared by Surveyor or another surveyor satisfactory to Title Company, dated after the Effective Date, and certified to comply with the current standards and specifications as published by the Texas Society of Professional Surveyors for the Survey Category.

4. *UCC Search.* "UCC Search" means reports prepared by Loan Star Information Services, Austin, Texas, stating the instruments that are on file in the Texas secretary of state's UCC records, the UCC records in the jurisdiction in which Seller is located, and the UCC records of the county in which the Property is located, showing as debtor Seller and all other owners of any personal property during the five years before the Effective Date of this contract.

5. *Delivery of Title Commitment, Survey, UCC Search, and Legible Copies.* Seller must deliver the Title Commitment to Buyer by the deadline stated in section A.2.; the Survey by the deadline stated in section A.3.; the UCC Search by the deadline stated in section A.4.; and legible copies of the instruments referenced in the Title Commitment, Survey, and UCC Search by the deadline stated in section A.5.

6. *Title Objections.* Buyer has until the deadline stated in section A.6. ("Title Objection Deadline") to review the Survey, Title Commitment, UCC Search, and legible copies of the title instruments referenced in them and notify Seller of Buyer's objections to any of them ("Title Objections"). Buyer will be deemed to have approved all matters reflected by the Survey, Title Commitment, and UCC Search to which Buyer has made no Title Objection by the Title Objection Deadline. The matters that Buyer either approves or is deemed to have approved are "Permitted Exceptions." If Buyer notifies Seller of any Title Objections, Seller has five days from receipt of Buyer's notice to notify Buyer whether Seller agrees to cure the Title Objections before closing

("Cure Notice"). If Seller does not timely give its Cure Notice or timely gives its Cure Notice but does not agree to cure all the Title Objections before closing, Buyer may, within five days after the deadline for the giving of Seller's Cure Notice, notify Seller that either this contract is terminated or Buyer will proceed to close, subject to Seller's obligations to resolve the items listed in Schedule C of the Title Commitment, remove the liquidated liens, remove all exceptions that arise by, through, or under Seller after the Effective Date, and cure only the Title Objections that Seller has agreed to cure in the Cure Notice. At or before closing, Seller must resolve the items that are listed on Schedule C of the Title Commitment, remove all liquidated liens, remove all exceptions that arise by, through, or under Seller after the Effective Date of this contract, and cure the Title Objections that Seller has agreed to cure.

G. Inspection Period

1. *Review of Seller's Records.* Seller will deliver to Buyer copies of Seller's records specified in Exhibit C, or otherwise make those records available for Buyer's review, by the deadline stated in section A.7.

2. *Entry onto the Property.* Buyer may enter the Property before closing to inspect it, subject to the following:

a. Buyer must deliver evidence to Seller that Buyer has insurance for its proposed inspection activities, in amounts and with coverages that are substantially the same as those maintained by Seller or in such lesser amounts or with such lesser coverages as are reasonably satisfactory to Seller;

b. Buyer may not interfere in any material manner with existing operations or occupants of the Property;

c. Buyer must notify Seller in advance of Buyer's plans to conduct tests so that Seller may be present during the tests;

d. if the Property is altered because of Buyer's inspections, Buyer must return the Property to its preinspection condition promptly after the alteration occurs;

e. Buyer must deliver to Seller copies of all inspection reports that Buyer prepares or receives from third-party consultants or contractors within three days after their preparation or receipt; and

f. Buyer must abide by any other reasonable entry rules imposed by Seller.

3. *Buyer's Right to Terminate.* Buyer may terminate this contract for any reason by notifying Seller before the end of the Inspection Period. If Buyer does not notify Seller of Buyer's termination of the contract before the end of the Inspection Period, Buyer waives the right to terminate this contract pursuant to this provision.

4. *Buyer's Indemnity and Release of Seller*

a. *Indemnity.* Buyer will indemnify, defend, and hold Seller harmless from any loss, attorney's fees, expenses, or claims arising out of Buyer's investigation of the Property, except for repair or remediation of existing conditions discovered by Buyer's inspection. The obligations of Buyer under this provision will survive termination of this contract and closing.

b. *Release.* Buyer releases Seller and those persons acting on Seller's behalf from all claims and causes of action (including claims for attorney's fees and court and other costs) resulting from Buyer's investigation of the Property.

H. Representations

The parties' representations stated in Exhibit B are true and correct as of the Effective Date and must be true and correct on the Closing Date.

I. Condition of the Property until Closing; Cooperation; No Recording of Contract

1. *Maintenance and Operation.* Until closing, Seller will (a) maintain the Property as it existed on the Effective Date, except for reasonable wear and tear and casualty damage; (b) operate the Property in the same manner as it was operated on the Effective Date; and (c) comply with all contracts and governmental regulations affecting the Property; and (d) not transfer or dispose of any personal property, except to sell inventory, replace equipment, and use supplies in the normal course of operating the Property. Until the end of the Inspection Period, Seller will not enter into, amend, or terminate any contract that affects the Property other than in the ordinary course of operating the Property and will promptly give notice to Buyer of each new, amended, or terminated contract, including a copy of the contract, in sufficient time so that Buyer may consider the new information before the end of the Inspection Period. If Seller's notice is given within three days before the end of the Inspection Period, the Inspection Period will be extended for three days. After the end of the Inspection Period, Buyer may terminate this contract if Seller enters into, amends, or terminates any contract that affects the Property without first obtaining Buyer's written consent.

2. *Casualty Damage.* Seller will notify Buyer promptly after discovery of any casualty damage to the Property. Seller will have no obligation to repair or replace the Property if it is damaged by casualty before closing. Buyer may terminate this contract if the casualty damage that occurs before closing would materially affect Buyer's intended use of the Property, by giving notice to Seller within fifteen days after receipt of Seller's notice of the casualty (or before closing if Seller's notice of the casualty is received less than fifteen days before closing). The casualty damage will be deemed to materially affect Buyer's intended use if the estimated amount of the damage exceeds ten (10%) percent of the Purchase Price. If Buyer does not terminate this contract, Seller will (a) convey the Property to Buyer in its damaged condition, (b) assign to Buyer all of Seller's rights under any property insurance policies covering the Property, and (c) pay to Buyer the amount of the deductibles and coinsurance provisions under any insurance policies covering the Property, but not in excess of the cost to repair the casualty damage and less any amounts previously paid by Seller to repair the Property. If Seller has not insured the Property and Buyer does not elect to terminate this contract in accordance with this section, the Purchase Price will be reduced by the cost to repair the casualty damage.

3. *Condemnation.* Seller will notify Buyer promptly after Seller receives notice that any part of the Property has been or is threatened to be condemned or otherwise taken by a governmental or quasi-governmental authority. Buyer may terminate this contract if the condemnation would materially affect Buyer's intended use of the Property by giving notice to Seller within fifteen days after receipt of Seller's notice to Buyer (or before closing if Seller's notice is received less than fifteen days before closing). The condemnation will be deemed to materially affect Buyer's intended use if the condemnation would eliminate ten (10%) percent of the water rights to be obtained by Buyer. If Buyer does not terminate this contract, (a) Buyer and Seller will each have the right to appear and defend their respective interests in the Property in the condemnation proceedings, (b) any award in condemnation will be assigned to Buyer, (c) if the taking occurs before closing, the description of the Property will be revised to delete the portion taken, and (d) no change in the Purchase Price will be made.

4. *Claims; Hearings.* Seller will notify Buyer promptly of any claim or administrative hearing that is threatened, filed, or initiated before closing that involves or directly affects the Property.

5. *Cooperation.* Seller will cooperate with Buyer (a) before and after closing, to transfer the applications, permits, and licenses held by Seller and used in the operation of the Property and to obtain any consents necessary for Buyer to operate the Property after closing and (b) before closing, with any reasonable evaluation, inspection, audit, or study of the Property prepared by, for, or at the request of Buyer.

6. *No Recording.* Buyer may not file this contract or any memorandum or notice of this contract in the real property records of any county. If, however, Buyer records this contract or a memorandum or notice, Seller may terminate this contract and record a notice of termination.

J. Termination

1. *Disposition of Earnest Money after Termination*

a. *To Buyer.* If Buyer terminates this contract in accordance with any of Buyer's rights to terminate, Seller will, within five days after receipt of Buyer's termination notice, authorize Title Company to deliver the Earnest Money to Buyer, less $100, which will be paid to Seller as consideration for the right granted by Seller to Buyer to terminate this contract.

b. *To Seller.* If Seller terminates this contract in accordance with any of Seller's rights to terminate, Buyer will, within five days after receipt of Seller's termination notice, authorize Title Company to pay and deliver the Earnest Money to Seller.

2. *Duties after Termination.* If this contract is terminated, Buyer will promptly return to Seller all documents relating to the Property that Seller has delivered to Buyer and all copies that Buyer has made of the documents. After return of the documents and copies, neither party will have further duties or obligations to the other under this contract, except for those obligations that cannot be or were not performed before termination of this contract and those obligations that survive termination under the express terms of this contract.

K. Closing

1. *Closing.* This transaction will close at Title Company's offices at the Closing Date and Closing Time. At closing, the following will occur:

a. *Closing Documents.* The parties will execute and deliver the Closing Documents.

b. *Payment of Purchase Price.* Buyer will deliver the Purchase Price and other amounts that Buyer is obligated to pay under this contract to Title Company in funds acceptable to Title Company. The Earnest Money will be applied to the Purchase Price.

c. *Disbursement of Funds; Recording; Copies.* Title Company will be instructed to disburse the Purchase Price and other funds in accordance with this

contract, record the deed and the other Closing Documents directed to be recorded, and distribute documents and copies in accordance with the parties' written instructions.

d. *Delivery of Originals.* Seller will deliver to Buyer the originals of Seller's Records.

e. *Possession.* Seller will deliver possession of the Property to Buyer, subject to the Permitted Exceptions existing at closing and any lien and security interest in favor of Seller, if the sale is seller-financed.

2. *Transaction Costs*

a. *Seller's Costs.* Seller will pay one-half of the escrow fee charged by Title Company; the costs to prepare the deed; the costs to obtain, deliver, and record releases of all liens to be released at closing; the costs to record all documents to cure Title Objections agreed to be cured by Seller; Title Company's inspection fee to delete from the Title Policy the customary exception for parties in possession; the costs to obtain certificates or reports of ad valorem taxes; the costs to deliver copies of the instruments described in section A.5.; and Seller's expenses and attorney's fees.

b. *Buyer's Costs.* Buyer will pay the basic charge for the Title Policy; one-half of the escrow fee charged by Title Company; the costs to obtain, deliver, and record all documents other than those to be recorded at Seller's expense; the costs to obtain the Survey and UCC Search; the additional premium for the "survey/area and boundary deletion" in the Title Policy, if the deletion is requested by Buyer; and endorsements and deletions required by Buyer's lender; and Buyer's expenses and attorney's fees.

c. *Ad Valorem Taxes.* Ad valorem taxes for the Property for the calendar year of closing will be prorated between Buyer and Seller as of the Closing Date. Seller's portion of the prorated taxes will be paid to Buyer at closing as an adjustment to the Purchase Price. If the assessment for the calendar year of closing is not known at the Closing Date, the proration will be based on taxes for the previous tax year, and Buyer and Seller will adjust the prorations in cash within thirty days of when the actual assessment and taxes are known. Seller will promptly notify Buyer of all notices of proposed or final tax valuations and assessments that Seller receives after the Effective Date and after closing. All taxes due as of closing will be paid at closing. If the Property has been the subject of special valuation and reduced tax

assessments pursuant to the provisions of chapter 23, subchapter D, of the Texas Tax Code with respect to any period before the closing and additional taxes are assessed pursuant to section 23.55 thereof, the following will apply:

(1) If Seller changes the use of the Property before closing, resulting in the assessment of additional taxes for periods before closing, Seller will pay the additional taxes.

(2) If this sale or Buyer's use of the Property results in the assessment of additional taxes for periods before closing, Buyer will pay the additional taxes.

d. *Income and Expenses.* Income and expenses pertaining to operation of the Property will be prorated as of the Closing Date on an accrual basis and paid at closing as a credit or debit adjustment to the Purchase Price. Invoices that are received after closing for operating expenses incurred on or before the Closing Date and not adjusted at closing will be prorated between the parties as of the Closing Date, and Seller will pay its share within ten days after notice of Buyer's invoice.

e. *Postclosing Adjustments.* If errors in the prorations made at closing are identified within ninety days after closing, Seller and Buyer will make postclosing adjustments to correct the errors within fifteen days of receipt of notice of the errors.

f. *Brokers' Commissions.* The parties hereby represent and warrant to each other that, in connection with this transaction, no third party broker or finder has been engaged or consulted by such party or through such party's action (or claiming through such party) or is entitled to compensation as a consequence of this transaction except Grubb & Ellis Company ("Broker").

At closing, Seller shall pay Broker the commission due pursuant to the separate written agreement entered into by Seller with Broker.

No commission or other payment shall be due to Broker with respect to the transaction provided for herein if the transaction does not close for any reason whatsoever, including default by a party.

Buyer and Seller each indemnify and agree to defend and hold the other party harmless from any loss, attorney's fees, and court and other costs arising out of a claim by any person or entity claiming by, through, or under the

indemnitor for a broker's or finder's fee or commission because of this transaction or this contract, whether the claimant is disclosed to the indemnitee or not. At closing, each party will provide the other party with a release of broker's or appraiser's liens from all brokers or appraisers for which each party was responsible.

3. *Issuance of Title Policy.* Seller will cause Title Company to issue the Title Policy to Buyer as soon as practicable after closing.

L. Default and Remedies

1. *Seller's Default.* If Seller fails to perform any of its obligations under this contract or if any of Seller's representations is not true and correct as of the Effective Date or on the Closing Date ("Seller's Default"), Buyer may elect either of the following as its sole and exclusive remedy:

a. *Termination; Liquidated Damages.* Buyer may terminate this contract by giving notice to Seller on or before the Closing Date and Closing Time and have the Earnest Money, less $100 as described above, returned to Buyer. Unless Seller's Default relates to the untruth or incorrectness of Seller's representations for reasons not reasonably within Seller's control, if Seller's Default occurs after Buyer has incurred costs to investigate the Property after the Effective Date and Buyer terminates this contract in accordance with the previous sentence, Seller will also pay to Buyer as liquidated damages the lesser of Buyer's actual out-of-pocket expenses incurred to investigate the Property after the Effective Date or the amount of Buyer's Liquidated Damages, within ten days after Seller's receipt of an invoice from Buyer stating the amount of Buyer's expenses.

b. *Specific Performance.* Unless Seller's Default relates to the untruth or incorrectness of Seller's representations for reasons not reasonably within Seller's control, Buyer may enforce specific performance of Seller's obligations under this contract. If title to the Property is awarded to Buyer, the conveyance will be subject to the matters stated in the Title Commitment.

2. *Buyer's Default.* If Buyer fails to perform any of its obligations under this contract ("Buyer's Default"), Seller may elect either of the following as its sole and exclusive remedy:

a. *Termination; Liquidated Damages.* Seller may terminate this contract by giving notice to Buyer on or before the Closing Date and Closing Time and have the Earnest Money paid to Seller. If Buyer's Default occurs after Seller has incurred costs to perform its obligations under this contract and Seller

terminates this contract in accordance with the previous sentence, Buyer will also reimburse Seller for the lesser of Seller's actual out-of-pocket expenses incurred to perform its obligations under this contract or the amount of Seller's Additional Liquidated Damages, within ten days of Buyer's receipt of an invoice from Seller stating the amount of Seller's expenses.

b. *Specific Performance.* Seller may enforce specific performance of Buyer's obligations under this contract. If title to the Property is awarded to Buyer, the conveyance will be subject to the matters stated in the Title Commitment.

3. *Liquidated Damages.* The parties agree that just compensation for the harm that would be caused by a default by either party cannot be accurately estimated or would be very difficult to accurately estimate and that Buyer's Liquidated Damages or the Earnest Money and Seller's Additional Liquidated Damages are reasonable forecasts of just compensation to the nondefaulting party for the harm that would be caused by a default.

4. *Attorney's Fees.* If either party retains an attorney to enforce this contract, the party prevailing in litigation is entitled to recover reasonable attorney's fees and court and other costs.

M. Miscellaneous Provisions

1. *Notices.* Any notice required by or permitted under this contract must be in writing. Any notice required by this contract will be deemed to be delivered (whether actually received or not) when deposited with the United States Postal Service, postage prepaid, certified mail, return receipt requested, and addressed to the intended recipient at the address shown in this contract. Notice may also be given by regular mail, personal delivery, courier delivery, facsimile transmission, electronic mail, or other commercially reasonable means and will be effective when actually received. Any address for notice may be changed by written notice delivered as provided herein. Copies of each notice must be given by one of these methods to the attorney of the party to whom notice is given.

2. *Entire Contract.* This contract, together with its exhibits, and any Closing Documents delivered at closing constitute the entire agreement of the parties concerning the sale of the Property by Seller to Buyer. There are no oral representations, warranties, agreements, or promises pertaining to the sale of the Property by Seller to Buyer not incorporated in writing in this contract.

3. *Amendment.* This contract may be amended only by an instrument in writing signed by the parties.

4. *Prohibition of Assignment.* Buyer may not assign this contract or any of Buyer's rights under it without Seller's prior written consent, and any attempted assignment is void. This contract binds, benefits, and may be enforced by the parties and their respective heirs, successors, and permitted assigns.

5. *Survival.* The obligations of this contract that cannot be performed before termination of this contract or before closing will survive termination of this contract or closing, and the legal doctrine of merger will not apply to these matters. If there is any conflict between the Closing Documents and this contract, the Closing Documents will control.

6. *Choice of Law; Venue; Alternative Dispute Resolution.* This contract will be construed under the laws of the state of Texas, without regard to choice-of-law rules of any jurisdiction. Venue is in the County for Performance, except as otherwise provided by applicable law. Time permitting, the parties will submit in good faith to an alternative dispute resolution process before filing a suit concerning this contract.

7. *Waiver of Default.* It is not a waiver of default if the nondefaulting party fails to declare immediately a default or delays taking any action with respect to the default.

8. *No Third-Party Beneficiaries.* There are no third-party beneficiaries of this contract.

9. *Severability.* The provisions of this contract are severable. If a court of competent jurisdiction finds that any provision of this contract is unenforceable, the remaining provisions will remain in effect without the unenforceable parts.

10. *No Special Relationship.* The parties' relationship is an ordinary commercial relationship, and they do not intend to create the relationship of principal and agent, partnership, joint venture, or any other special relationship.

11. *Counterparts.* If this contract is executed in multiple counterparts, all counterparts taken together will constitute this contract.

12. *Electronic Signatures.* An electronic (e-mail) signed copy of this contract will be considered an original for all purposes.

13. *Confidentiality.* The parties will keep confidential this contract, this transaction, and all information learned in the course of this transaction, except to the extent disclosure is required by law or court order or to enable third parties to advise or assist Buyer to investigate the Property or either party to close this transaction.

14. *Water Addendum to Contract.* The attached Water Addendum to Contract is incorporated by reference.

15. *Electricity Addendum to Contract.* The attached Electricity Addendum to Contract is incorporated by reference.

Exhibit B

Representations

A. Seller's Representations to Buyer

Seller represents to Buyer that the following are true and correct as of the Effective Date and will be true and correct on the Closing Date.

1. *Authority.* Seller is a corporation duly organized, validly existing, and in good standing under the laws of the state of Delaware with authority to convey the Property to Buyer. This contract is, and all documents required by this contract to be executed and delivered to Buyer at closing will be, duly authorized, executed, and delivered by Seller.

2. *Litigation.* There is no litigation pending or threatened against Seller that might affect the Property or Seller's ability to perform its obligations under this contract.

3. *Violation of Laws.* Seller has not received notice of violation of any law, ordinance, regulation, or requirements affecting the Property or Seller's use of the Property.

4. *Licenses, Permits, and Approvals.* Seller has not received notice that any license, permit, or approval necessary to operate the Property in the manner in which it is currently operated will not be renewed on expiration or that any material condition will be imposed in order to obtain their renewal.

5. *Condemnation; Zoning; Land Use; Hazardous Materials.* Seller has not received notice of any condemnation, zoning, or land-use proceedings affecting the Property or any inquiries or notices by any governmental authority or third party with respect to the presence of hazardous materials on the Property or the migration of hazardous materials from the Property.

6. *No Other Obligation to Sell the Property or Restriction against Selling the Property.* Except for granting a security interest in the Property, Seller has not obligated itself to sell the Property to any party other than Buyer. Seller's performance of this contract will not cause a breach of any other agreement or obligation to which Seller is a party or to which it is bound.

7. *No Liens.* On the Closing Date, the Property will be free and clear of all mechanic's and materialman's liens and other liens and encumbrances of any nature except the Permitted Exceptions, and no work or materials will have been furnished to the Property that might give rise to mechanic's, materialman's, or other liens against the Property other than work or materials to which Buyer has given its consent.

8. *No Other Representation.* Except as stated above or in the notices, statements, and certificates set forth in Exhibit D, Seller makes no representation with respect to the Property.

9. *No Warranty.* Seller has made no warranty in connection with this contract.

B. "As Is, Where Is"

THIS CONTRACT IS AN ARM'S-LENGTH AGREEMENT BETWEEN THE PARTIES. THE PURCHASE PRICE WAS BARGAINED ON THE BASIS OF AN "AS IS, WHERE IS" TRANSACTION AND REFLECTS THE AGREEMENT OF THE PARTIES THAT THERE ARE NO REPRESENTATIONS, DISCLOSURES, OR EXPRESS OR IMPLIED WARRANTIES, EXCEPT FOR THE WARRANTY OF TITLE STATED IN THE CLOSING DOCUMENTS AND SELLER'S REPRESENTATIONS TO BUYER SET FORTH IN SECTION A OF THIS EXHIBIT B.

THE PROPERTY WILL BE CONVEYED TO BUYER IN AN "AS IS, WHERE IS" CONDITION, WITH ALL FAULTS. SELLER MAKES NO WARRANTY OF CONDITION, MERCHANTABILITY, OR SUITABILITY OR FITNESS FOR A PARTICULAR PURPOSE WITH RESPECT TO ANY PERSONAL PROPERTY. ALL WARRANTIES, EXCEPT THE WARRANTY OF TITLE IN THE CLOSING DOCUMENTS, ARE DISCLAIMED.

The provisions of this section B regarding the Property will be included in the deed and bill of sale with appropriate modification of terms as the context requires.

Exhibit D

WATER ADDENDUM TO CONTRACT

Contract

Date: February __, 2009

Seller: Abitibi-Consolidated Corp.

Buyer: City of Lufkin, Texas

This water addendum is a part of the contract.

At closing Seller shall grant, sell, transfer and convey, or cause to be granted, sold, transferred and conveyed, to Buyer, the following property consisting of groundwater rights (the "Groundwater Rights" as described below) and surface water rights (the "Surface Water Rights" as described below), including, but not limited to, the following (collectively, the Groundwater Rights and the Surface Water Rights are referred to as the "Water Rights"):

1. The Groundwater Rights which shall include all of Seller's interest in groundwater associated with or appurtenant to the Real Property (the "Groundwater") including that groundwater described in the Pineywoods Groundwater District (the "Groundwater District") permits issued to Seller for Wells Nos. 1, 2, 3, 4, 5, 6, 8, 9, 10, 11, 12, 13 and 14 located on the Real Property, copies of which permits are attached hereto as Exhibit D-1 (collectively, the "Permits"), and all rights associated with such Groundwater and Permits, including, but not limited to:

(A) all of the real and personal property rights, appurtenances, authorities, licenses, consents and contracts, if any, relating to or pertaining to the Groundwater or the Permits, which shall also include all common law and other property rights in and to the Groundwater or to beneficially use the Groundwater appurtenant to the Real Property (the "Appurtenant Groundwater Rights");

(B) all of the real and personal property rights relating to the Permits (including the right in and to the Permits that relate to the Groundwater) allowing for the possession, withdrawal, and/or use of the Groundwater (the "Permit Rights"); and

(C) any and all other real and personal property rights to develop, explore, produce, withdraw and/or beneficially use the Groundwater, the Appurtenant Rights, the Permits or the Permit Rights on or appurtenant to the Real Property, together with all modifications, amendments, renewals, extensions or successor or substitute permits relating to any of the above described items; and

2. The Surface Water Rights which shall include, but not be limited to:

(A) Certificate of Adjudication No. 06-4393 issued by the TCEQ ("CA 06-4393"); and

(B) all of the real and personal property rights, appurtenances, authorities, licenses, consents and contracts, if any, relating to or pertaining to CA 06-4393.

Seller shall convey the Groundwater Rights and the Surface Water Rights to Buyer free from all liens, claims or encumbrances. Seller represents that the Real Property includes all real property rights necessary for Buyer to lawfully and physically access and utilize as presently permitted the Groundwater Rights and the Surface Water Rights to provide water to the Real Property in conformity with the rules and regulations of the Groundwater District and the TCEQ, respectively, including providing sufficient well sites, wells, surface water diversion access points, surface water storage facilities, pipelines, pump stations, easements and rights-of-way for such purposes.

The conveyance instrument for transfer and conveyance of the Water Rights from Seller to Buyer shall have the following language providing that Buyer is "TO HAVE AND TO HOLD the Water Rights, together with all and singular the rights and appurtenances belonging in any way to the Water Rights to Buyer, Buyer's successors and assigns forever, and Seller binds themselves and their heirs, personal representatives, executors, administrators, successors and assigns TO WARRANT AND FOREVER DEFEND all and singular the Water Rights to Buyer and Buyer's successors and assigns against every person lawfully claiming or to claim all or any part of the Water Rights."

The conveyance will be made and accepted subject to the rules and regulations of the Groundwater District (as to the Groundwater Rights) and the Texas Commission on Environmental Quality ("TCEQ") (as to the Surface Water Rights) to the extent applicable.

Seller hereby undertakes and agrees to execute and deliver such documents of transfer as Buyer may reasonably request from time to time hereafter and after closing to perfect the transfer of the Water Rights to Buyer and to obtain the approval of such transfer by the Groundwater District (as to the Groundwater Rights) and the TCEQ (as to the Surface Water Rights). This paragraph shall survive the closing.

Current Groundwater District or TCEQ fees on Seller's previous use or ownership of the Water Rights have been or will be timely paid by Seller by closing or prorated for water usage occurring before closing but due and payable after closing.

Buyer will provide water (equal to five million (5,000,000) gallons per day) for a period of twenty (20) years (with two (2) ten (10) year renewal options) after the closing at a cost to

be determined by the Lufkin City Council based on operations and maintenance, cost of capital, depreciation and other related expenses, but in any event not to exceed in-city rates. Notwithstanding the foregoing, on or before sixty (60) months following the closing, Seller or its assignee must provide Buyer written notice of the maximum number of gallons per day required by Seller or its assignee not to exceed five million (5,000,000) gallons per day without Buyer's additional consent ("Maximum Water Requirement"), after which time Buyer's obligations to Seller or its assignee in this regard shall be limited to the Maximum Water Requirement. Should Seller or its assignee fail to consume and pay for at least seventy-five percent (75%) of the Maximum Water Requirement during a period of twenty-four (24) consecutive months, Buyer's obligation to reserve Maximum Water Requirement shall terminate. This paragraph shall survive the closing.

Exhibit E

ELECTRICITY ADDENDUM TO CONTRACT

Contract

Date: February __, 2009

Seller: Abitibi-Consolidated Corp.

Buyer: City of Lufkin, Texas

This electricity addendum is a part of the contract.

A. Seller agrees to-

1. Grant a permanent commercially reasonable easement (the "Easement") across lands retained by Seller (which lands are collectively referred to herein as the "Mill Property"), in form and content reasonably acceptable to Seller and Buyer, as may be required or appropriate for Buyer's permanent use of any electrical infrastructure, including but not limited to transformers, substations and distribution lines, designed for providing electricity (the "Electrical Infrastructure") to any improvements located on the Real Property, including without limitation any water system, transformers, or substations located on the Real Property. It is understood and agreed that the location of such permanent easement shall be determined after Buyer and Seller take the necessary steps to separate the Electrical Infrastructure, as provided in section 3 below.

2. Provide Buyer and its authorized agents with continuous access rights to the Electrical Infrastructure during the Inspection Period.

3. Enter into a commercially reasonable agreement (the "Transition Agreement"), in form and content reasonably acceptable to Seller and Buyer, which agreement will provide that Seller will operate and maintain the Electrical Infrastructure servicing the water systems located on the Real Property for a period of time not to exceed twenty-four (24) months following the closing. The Transition Agreement will further provide that Seller will cooperate with Buyer in separating the Electrical Infrastructure providing service to the Real Property from the electrical infrastructure providing service to the Mill Property and in granting Buyer the appropriate access rights to the Electrical Infrastructure. In addition to the foregoing, the Transition Agreement will provide that for a

period of eight (8) weeks following the closing, Buyer will supply Seller's water needs at the Mill Property without charge, after which time Buyer will supply Seller's water needs at a cost to be determined by the Lufkin City Council based on operations and maintenance, cost of capital, depreciation and other related expenses.

B. Buyer agrees to -

1. Bear the costs of all necessary studies and work required to separate the Electrical Infrastructure providing service to the Real Property from the electrical infrastructure providing service to the Mill Property.

2. Pay for all electricity utilized by Buyer, and pay the costs associated with installation and operation of a separate meter to measure electricity utilized by Buyer.

C. Miscellaneous Provisions

1. *Seller Contingency.* Any obligation imposed by the contract (or any related document) on Buyer to provide water for use by Seller is contingent upon Seller making electricity available to Buyer as contemplated by the terms of this addendum.

2. *Buyer Contingency.* Any obligation imposed by the contract (or any related document) on Seller to provide electricity services for use by Buyer is contingent upon Buyer abiding by the terms of this addendum.

3. *Assignment.* Seller may assign this contract or any of Seller's rights and obligations under it, provided it gives Buyer written notice of such assignment. This contract binds, benefits, and may be enforced by the parties and their respective heirs, successors, and permitted assigns.

4. *Survival.* The obligations of this addendum that cannot be performed before termination of the contract or before closing will survive termination of the contract or closing, and the doctrine of merger will not apply to these matters. Seller and Buyer acknowledge that Seller hopes to sell the Mill Property in the near future. The obligations imposed by the contract and this addendum on Seller and Buyer will also be binding on the successors and assigns of Seller and Buyer.

TRANSITION AGREEMENT

Date: March ___, 2009

Abitibi: Abitibi-Consolidated Corp., a Delaware corporation

Abitibi's Mailing Address: 1155, rue Metcalfe, Bureau 80, Montreal, Quebec H3B ZV6

Lufkin: City of Lufkin, Texas

Lufkin's Mailing Address: 300 East Shepherd, Lufkin, Texas 75902

Background

1. Contemporaneously with execution of this agreement, Abitibi and Lufkin have completed the sale and purchase of the following property:

> That certain real property and appurtenances thereto described in the attached Exhibit "A" (the "Real Property"), together with any and all improvements thereon or associated therewith, including, without limitation, the water system and related electrical infrastructure; the body of water commonly known as Kurth Lake; the Kurth Lake water intake and pump station; the Kurth Lake lodge/meeting building; the Kurth Lake caretaker house and associated out buildings; thirteen water wells; the Angelina River water intake and pump station; the water storage facilities and clarifier, electrical infrastructure providing service to the water system; the concrete canal from the Angelina River to the Kurth Lake; the pump station; and appurtenances as generally described in a report by CDM for Abitibi Consolidated dated December 2008; and all permits, easements, rights-of-way, approvals and similar property rights associated with same including, without limitation, water rights (Certificate of Adjudication #06-4393 for 19,100 ac-ft of water per year) and permits, NPDES permit and other permits, easements and other appurtenant rights associated with, and/or now or previously serving the adjoining mill and/or the Real Property; and any equipment connected with the use, operation and maintenance of the Real Property (collectively said Real Property; together with all of such improvements, infrastructure, systems, permits, easements, rights-of-way, personal property, furniture, fixtures and equipment, approvals and similar property rights being referred to as the "Property").

2. Lufkin has a need for Abitibi to operate and maintain the electrical infrastructure, including but limited to transformers, substations and distribution lines, designed for providing electricity (the "Electrical Infrastructure") to any improvements located on the Property, including without limitation any water system, transformers, or substations located on the Property for a period

not to exceed twenty-four (24) months following the date of this agreement, and Abitibi is in accord to operate and maintain the Electrical Infrastructure for that period of time subject to the terms of this agreement.

Agreement

1. *Electrical Infrastructure.* The background section, above, is incorporated in this agreement by reference. Abitibi agrees to operate and maintain the Electrical Infrastructure for a period not to exceed twenty-four (24) months following the date of this agreement.

2. *Separation of Electrical Infrastructure.* Abitibi agrees to reasonably cooperate with Lufkin in separating the Electrical Infrastructure providing service to the Property from the electrical infrastructure providing service to land adjacent to and nearby the Property retained by Abitibi (the "Mill Property").

3. *Costs.* Lufkin agrees to bear the costs of all necessary studies and work required to separate the Electrical Infrastructure providing service to the Property from the electrical infrastructure providing service to the Mill Property, except that with respect to the Electrical Infrastructure located on the approximately 4.216 acre tract located in Angelina County, Texas described in the attached Exhibit "B", Lufkin agrees to bear the lesser of fifty (50%) percent or five thousand and no/100 dollars ($5,000.00) of all necessary studies and work required to separate the Electrical Infrastructure. During the term of this agreement Lufkin also agrees to pay for all electricity utilized by Lufkin, and pay the costs associated with installation and operation of a separate meter to measure electricity utilized by Lufkin.

4. *Temporary Water Supply.* For a period of eight (8) weeks following the date of this agreement, Lufkin will supply Abitibi's water needs at the Mill Property without charge, after which time Lufkin will supply Abitibi's water needs at a cost to be determined by the Lufkin City Council based on operations and maintenance, cost of capital, depreciation and other related expenses.

5. *Survival.* Abitibi and Lufkin acknowledge that Abitibi hopes to sell the Mill Property in the near future. The obligations imposed by this agreement on Abitibi and Lufkin will also be binding on the successors and assigns of Abitibi and Lufkin.

6. *Equitable Rights of Enforcement.* This agreement may be enforced by restraining orders and injunctions (temporary or permanent) prohibiting interference and commanding compliance. Restraining orders and injunctions will be obtainable on proof of the existence of interference or threatened interference, without the necessity of proof of inadequacy of legal remedies or irreparable harm, and will be obtainable only by the parties to or those benefited by this agreement; provided, however, that the act of obtaining an injunction or restraining order will not be deemed to be an election of remedies or a waiver of any other rights or remedies available at law or in equity.

7. *Attorney's Fees.* If any party retains an attorney to enforce this agreement, the party prevailing in litigation is entitled to recover reasonable attorney's fees and court and other costs.

8. *Binding Effect.* This agreement binds and inures to the benefit of the parties and their respective heirs, successors, and permitted assigns.

9. *Choice of Law.* This agreement will be construed under the laws of the state of Texas, without regard to choice-of-law rules of any jurisdiction. Venue is in the county or counties in which the Property is located.

10. *Counterparts.* This agreement may be executed in any number of counterparts with the same effect as if all signatory parties had signed the same document. All counterparts will be construed together and will constitute one and the same instrument.

11. *Waiver of Default.* It is not a waiver of or consent to default if the nondefaulting party fails to declare immediately a default or delays in taking any action. Pursuit of any remedies set forth in this agreement does not preclude pursuit of other remedies in this agreement or provided by law.

12. *Further Assurances.* Each signatory party agrees to execute and deliver any additional documents and instruments and to perform any additional acts necessary or appropriate to perform the terms, provisions, and conditions of this agreement and all transactions contemplated by this agreement.

13. *Indemnity.* Each party agrees to indemnify, defend, and hold harmless the other party from any loss, attorney's fees, expenses, or claims attributable to breach or default of any provision of this agreement by the indemnifying party.

14. *Integration.* This agreement contains the complete agreement of the parties and cannot be varied except by written agreement of the parties. The parties agree that there are no oral agreements, representations, or warranties that are not expressly set forth in this agreement.

15. *Legal Construction.* If any provision in this agreement is for any reason unenforceable, to the extent the unenforceability does not destroy the basis of the bargain among the parties, the unenforceability will not affect any other provision hereof, and this agreement will be construed as if the unenforceable provision had never been a part of the agreement. Whenever context requires, the singular will include the plural and neuter include the masculine or feminine gender, and vice versa. Article and section headings in this agreement are for reference only and are not intended to restrict or define the text of any section. This agreement will not be construed more or less favorably between the parties by reason of authorship or origin of language.

16. *Notices.* Any notice required or permitted under this agreement must be in writing. Any notice required by this agreement will be deemed to be delivered (whether actually received or

not) when deposited with the United States Postal Service, postage prepaid, certified mail, return receipt requested, and addressed to the intended recipient at the address shown in this agreement. Notice may also be given by regular mail, personal delivery, courier delivery, facsimile transmission, or other commercially reasonable means and will be effective when actually received. Any address for notice may be changed by written notice delivered as provided herein.

17. *Recitals.* Any recitals in this agreement are represented by the parties to be accurate, and constitute a part of the substantive agreement.

18. *Time.* Time is of the essence. Unless otherwise specified, all references to "days" mean calendar days. Business days exclude Saturdays, Sundays, and legal public holidays. If the date for performance of any obligation falls on a Saturday, Sunday, or legal public holiday, the date for performance will be the next following regular business day.

EASEMENT AGREEMENT FOR ACCESS AND UTILITIES

(For 4.216 Acre Tract)

NOTICE OF CONFIDENTIALITY RIGHTS: IF YOU ARE A NATURAL PERSON, YOU MAY REMOVE OR STRIKE ANY OR ALL OF THE FOLLOWING INFORMATION FROM ANY INSTRUMENT THAT TRANSFERS AN INTEREST IN REAL PROPERTY BEFORE IT IS FILED FOR RECORD IN THE PUBLIC RECORDS: YOUR SOCIAL SECURITY NUMBER OR YOUR DRIVER'S LICENSE NUMBER.

Date: March ___, 2009

Grantor: Abitibi-Consolidated Corp., a Delaware corporation

Grantor's Mailing Address: 1155, rue Metcalfe, Bureau 80, Montreal, Quebec H3B ZV6

Grantee: City of Lufkin, Texas

Grantee's Mailing Address: 300 East Shepherd, Lufkin, Texas 75902

Dominant Estate Property: All that certain lot, tract, or parcel of land being 4.216 acres, more or less, situated in the Lewis Holloway Survey, A-310 in Angelina County, Texas, being a portion of the called 970.082 acre tract described as Tract 1 in a Special Warranty Deed from Champion International Corporation to Donohue Industries, Inc., dated June 1, 1998 and recorded in Volume 1155, Page 680 of the Real Property Records of Angelina County, Texas (RPRACT) and being more particularly described in the attached Exhibit "A".

Easement Property: The thirty foot (30') wide access and utility easement described in the attached Exhibit "B".

Easement Purpose: For providing free and uninterrupted pedestrian and vehicular ingress to and egress from the Dominant Estate Property, to and from Atkinson Drive, and for the installation, construction, operation, maintenance, replacement, repair, upgrade, and removal of electrical and water utilities and related facilities.

Consideration: Good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged by Grantor.

Reservations from Conveyance: None.

Exceptions to Warranty: Validly existing easements, rights of way, and prescriptive rights, whether of record or not; and all presently recorded and validly existing instruments that affect the Easement Property.

Grant of Easement: Grantor, for the Consideration and subject to the Exceptions to Warranty, grants, sells, and conveys to Grantee and Grantee's successors and assigns an easement over, on, and across the Easement Property for the Easement Purpose and for the benefit of the Dominant Estate Property, together with all and singular the rights and appurtenances thereto in any way belonging (collectively, the "Easement"), to have and to hold the Easement to Grantee and Grantee's successors and assigns forever. Grantor binds Grantor and Grantor's successors and assigns to warrant and forever defend the title to the Easement in Grantee and Grantee's successors and assigns against every person whomsoever lawfully claiming or to claim the Easement or any part thereof, except as to the Exceptions to Warranty, to the extent that such claim arises by, through, or under Grantor but not otherwise.

Terms and Conditions: The following terms and conditions apply to the Easement granted by this agreement:

1. *Character of Easement.* The Easement is appurtenant to and runs with all or any portion of the Dominant Estate Property, whether or not the Easement is referenced or described in any conveyance of all or such portion of the Dominant Estate Property. The Easement is nonexclusive and irrevocable. The Easement is for the benefit of Grantee and Grantee's successors and assigns who at any time hold an interest in the Dominant Estate Property (as applicable, the "Holder").

2. *Duration of Easement.* The duration of the Easement is perpetual.

3. *Reservation of Rights.* Grantor reserves for Grantor and Grantor's successors and assigns the right to continue to use and enjoy the surface of the Easement Property for all purposes that do not interfere with or interrupt the use or enjoyment of the Easement by Holder for the Easement Purposes. Grantor reserves for Grantor and Grantor's successors and assigns the right to use all or part of the Easement in conjunction with Holder and the right to convey to others the right to use all or part of the Easement in conjunction with Holder, as long as such further conveyance is subject to the terms of this agreement and the other users agree to bear a proportionate part of the costs of improving and maintaining the Easement.

4. *Secondary Easement* Holder has the right (the "Secondary Easement") to use as much of the surface of the property that is adjacent to the Easement Property ("Adjacent Property") as may be reasonably necessary to install and maintain a road reasonably suited for the Easement Purpose and to install and maintain any electrical and water utilities and related facilities within the Easement Property. However, Holder must promptly restore the Adjacent Property to its previous physical condition if changed by use of the rights granted by this Secondary Easement.

5. *Improvement and Maintenance of Easement Property.* Improvement and maintenance of the Easement Property will be at the sole expense of Holder. Holder has the right to eliminate any encroachments into the Easement Property. Holder must maintain the Easement Property in a neat and clean condition. Holder has the right to construct, install, maintain, replace, and remove a road with all culverts, bridges, drainage ditches, sewer facilities, and similar or related electrical and water utilities and facilities under or across any portion of the Easement Property (collectively, the "Road Improvements"). All matters concerning the configuration, construction, installation, maintenance, replacement, and removal of the Road Improvements are at Holder's sole discretion, subject to performance of Holder's obligations under this agreement. Holder has the right to remove or relocate any fences within the Easement Property or along or near its boundary lines if reasonably necessary to construct, install, maintain, replace, or remove the Road Improvements or for the road to continue onto other lands or easements owned by Holder and adjacent to the Easement Property, subject to replacement of the fences to their original condition on the completion of the work. On written request by Holder, the owners of the Easement Property will execute or join in the execution of easements for sewer, drainage, or utility facilities under or across the Easement Property.

6. *Equitable Rights of Enforcement.* This Easement may be enforced by restraining orders and injunctions (temporary or permanent) prohibiting interference and commanding compliance. Restraining orders and injunctions will be obtainable on proof of the existence of interference or threatened interference, without the necessity of proof of inadequacy of legal remedies or irreparable harm, and will be obtainable only by the parties to or those benefited by this agreement; provided, however, that the act of obtaining an injunction or restraining order will not be deemed to be an election of remedies or a waiver of any other rights or remedies available at law or in equity.

7. *Attorney's Fees.* If any party retains an attorney to enforce this agreement, the party prevailing in litigation is entitled to recover reasonable attorney's fees and court and other costs.

8. *Binding Effect.* This agreement binds and inures to the benefit of the parties and their respective heirs, successors, and permitted assigns.

9. *Choice of Law.* This agreement will be construed under the laws of the state of Texas, without regard to choice-of-law rules of any jurisdiction. Venue is in the county or counties in which the Easement Property is located.

10. *Counterparts.* This agreement may be executed in any number of counterparts with the same effect as if all signatory parties had signed the same document. All counterparts will be construed together and will constitute one and the same instrument.

11. *Waiver of Default.* It is not a waiver of or consent to default if the nondefaulting party fails to declare immediately a default or delays in taking any action. Pursuit of any remedies set forth in this agreement does not preclude pursuit of other remedies in this agreement or provided by law.

12. *Further Assurances.* Each signatory party agrees to execute and deliver any additional documents and instruments and to perform any additional acts necessary or appropriate to perform the terms, provisions, and conditions of this agreement and all transactions contemplated by this agreement.

13. *Indemnity.* Each party agrees to indemnify, defend, and hold harmless the other party from any loss, attorney's fees, expenses, or claims attributable to breach or default of any provision of this agreement by the indemnifying party.

14. *Integration.* This agreement contains the complete agreement of the parties and cannot be varied except by written agreement of the parties. The parties agree that there are no oral agreements, representations, or warranties that are not expressly set forth in this agreement.

15. *Legal Construction.* If any provision in this agreement is for any reason unenforceable, to the extent the unenforceability does not destroy the basis of the bargain among the parties, the unenforceability will not affect any other provision hereof, and this agreement will be construed as if the unenforceable provision had never been a part of the agreement. Whenever context requires, the singular will include the plural and neuter include the masculine or feminine gender, and vice versa. Article and section headings in this agreement are for reference only and are not intended to restrict or define the text of any section. This agreement will not be construed more or less favorably between the parties by reason of authorship or origin of language.

16. *Notices.* Any notice required or permitted under this agreement must be in writing. Any notice required by this agreement will be deemed to be delivered (whether actually received or not) when deposited with the United States Postal Service, postage prepaid, certified mail, return receipt requested, and addressed to the intended recipient at the address shown in this agreement. Notice may also be given by regular mail, personal delivery, courier delivery, facsimile transmission, or other commercially reasonable means and will be effective when actually received. Any address for notice may be changed by written notice delivered as provided herein.

17. *Recitals.* Any recitals in this agreement are represented by the parties to be accurate, and constitute a part of the substantive agreement.

18. *Time.* Time is of the essence. Unless otherwise specified, all references to "days" mean calendar days. Business days exclude Saturdays, Sundays, and legal public holidays. If the date for performance of any obligation falls on a Saturday, Sunday, or legal public holiday, the date for performance will be the next following regular business day.

EASEMENT AGREEMENT FOR UTILITIES

(For Electric Substation–0.590 Acre Tract)

NOTICE OF CONFIDENTIALITY RIGHTS: IF YOU ARE A NATURAL PERSON, YOU MAY REMOVE OR STRIKE ANY OR ALL OF THE FOLLOWING INFORMATION FROM ANY INSTRUMENT THAT TRANSFERS AN INTEREST IN REAL PROPERTY BEFORE IT IS FILED FOR RECORD IN THE PUBLIC RECORDS: YOUR SOCIAL SECURITY NUMBER OR YOUR DRIVER'S LICENSE NUMBER.

Date: March __, 2009

Grantor: Abitibi-Consolidated Corp., a Delaware corporation

Grantor's Mailing Address: 1155, rue Metcalfe, Bureau 80, Montreal, Quebec H3B ZV6

Grantee: City of Lufkin, Texas

Grantee's Mailing Address: 300 East Shepherd, Lufkin, Texas 75902

Dominant Estate Property: The tracts in Angelina County and Nacogdoches County described in the attached Exhibit "A".

Easement Property:

TRACT 1:
Being an electric substation easement located in the Lewis Holloway Survey, A-310 in Angelina County, Texas, and being a portion of the called 970.082 acre tract described as Tract 1 in a Special Warranty Deed from Champion International Corporation to Donohue Industries, Inc., dated June 1, 1998 and recorded in Volume 1155, Page 680 of the Real Property Records of Angelina County, Texas (RPRACT), being more particularly described by metes and bounds in the attached Exhibit "B".

TRACT 2:
Being an electric easement located in the Lewis Holloway Survey, A-310 in Angelina County, Texas, and being over and across a portion of the called 970.082 acre tract described as Tract 1 in a Special Warranty Deed from Champion International Corporation to Donohue Industries, Inc., dated June 1, 1998 and recorded in Volume 1155, Page 680 of the Real Property Records of Angelina County, Texas (RPRACT), being more particularly described by metes and bounds in the attached Exhibit "C".

Easement Purpose: For the installation, construction, operation, maintenance, replacement, repair, upgrade, and removal of electrical and water utilities and related facilities (collectively, the "Facilities").

Consideration: Good and valuable consideration, the receipt and sufficiency of which are acknowledged by Grantor.

Reservations from Conveyance: None.

Exceptions to Warranty: Validly existing easements, rights of way, and prescriptive rights, whether of record or not; and all presently recorded and validly existing instruments that affect the Easement Property.

Grant of Easement: Grantor, for the Consideration and subject to the Exceptions to Warranty, grants, sells, and conveys to Grantee and Grantee's successors and assigns an easement over, on, and across the Easement Property for the Easement Purpose, together with all and singular the rights and appurtenances thereto in any way belonging (collectively, the "Easement"), to have and to hold the Easement to Grantee and Grantee's successors and assigns forever. Grantor binds Grantor and Grantor's successors and assigns to warrant and forever defend the title to the Easement in Grantee and Grantee's successors and assigns against every person whomsoever lawfully claiming or to claim the Easement or any part of the Easement, except as to the Exceptions to Warranty, to the extent that such claim arises by, through, or under Grantor but not otherwise.

Terms and Conditions: The following terms and conditions apply to the Easement granted by this agreement:

1. *Character of Easement.* The Easement is appurtenant to, runs with, and inures to the benefit of all or any portion of the Dominant Estate Property, whether or not the Easement is referenced or described in any conveyance of all or such portion of the Dominant Estate Property. The Easement is nonexclusive and irrevocable. The Easement is for the benefit of Grantee and Grantee's successors, and assigns who at any time own any interest in the Dominant Estate Property (as applicable, the "Holder").

2. *Duration of Easement.* The duration of the Easement is perpetual.

3. *Reservation of Rights.* Holder's right to use the Easement Property is nonexclusive, and Grantor reserves for Grantor and Grantor's successors, and assigns the right to use all or part of the Easement Property in conjunction with Holder as long as such use by Grantor and Grantor's successors, and assigns does not interfere with the use of the Easement Property by Holder for the

Easement Purpose, and the right to convey to others the right to use all or part of the Easement Property in conjunction with Holder, as long as such further conveyance is subject to the terms of this agreement.

4. *Secondary Easement.* Holder has the right (the "Secondary Easement") to use as much of the surface of the property that is adjacent to the Easement Property ("Adjacent Property") as may be reasonably necessary to install and maintain the Facilities within the Easement Property that are reasonably suited for the Easement Purpose. However, Holder must promptly restore the Adjacent Property to its previous physical condition if changed by use of the rights granted by this Secondary Easement.

5. *Improvement and Maintenance of Easement Property.* Improvement and maintenance of the Easement Property and the Facilities will be at the sole expense of Holder. Holder has the right to eliminate any encroachments into the Easement Property. Holder must maintain the Easement Property in a neat and clean condition. Holder has the right to construct, install, maintain, replace, and remove the Facilities under or across any portion of the Easement Property. All matters concerning the Facilities and their configuration, construction, installation, maintenance, replacement, and removal are at Holder's sole discretion, subject to performance of Holder's obligations under this agreement. Holder has the right to remove or relocate any fences within the Easement Property or along or near its boundary lines if reasonably necessary to construct, install, maintain, replace, or remove the Facilities, subject to replacement of the fences to their original condition on the completion of the work.

6. *Equitable Rights of Enforcement.* This Easement may be enforced by restraining orders and injunctions (temporary or permanent) prohibiting interference and commanding compliance. Restraining orders and injunctions will be obtainable on proof of the existence of interference or threatened interference, without the necessity of proof of inadequacy of legal remedies or irreparable harm, and will be obtainable only by the parties to or those benefited by this agreement; provided, however, that the act of obtaining an injunction or restraining order will not be deemed to be an election of remedies or a waiver of any other rights or remedies available at law or in equity.

7. *Attorney's Fees.* If any party retains an attorney to enforce this agreement, the party prevailing in litigation is entitled to recover reasonable attorney's fees and court and other costs.

8. *Binding Effect.* This agreement binds and inures to the benefit of the parties and their respective successors and permitted assigns.

9. *Choice of Law.* This agreement will be construed under the laws of the state of Texas, without regard to choice-of-law rules of any jurisdiction. Venue is in the county or counties in which the Easement Property is located.

10. *Counterparts.* This agreement may be executed in any number of counterparts with the same effect as if all signatory parties had signed the same document. All counterparts will be construed together and will constitute one and the same instrument.

11. *Waiver of Default.* It is not a waiver of or consent to default if the nondefaulting party fails to declare immediately a default or delays in taking any action. Pursuit of any remedies set forth in this agreement does not preclude pursuit of other remedies in this agreement or provided by law.

12. *Further Assurances.* Each signatory party agrees to execute and deliver any additional documents and instruments and to perform any additional acts necessary or appropriate to perform the terms, provisions, and conditions of this agreement and all transactions contemplated by this agreement.

13. *Indemnity.* Each party agrees to indemnify, defend, and hold harmless the other party from any loss, attorney's fees, expenses, or claims attributable to breach or default of any provision of this agreement by the indemnifying party.

14. *Integration.* This agreement contains the complete agreement of the parties and cannot be varied except by written agreement of the parties. The parties agree that there are no oral agreements, representations, or warranties that are not expressly set forth in this agreement.

15. *Legal Construction.* If any provision in this agreement is for any reason unenforceable, to the extent the unenforceability does not destroy the basis of the bargain among the parties, the unenforceability will not affect any other provision hereof, and this agreement will be construed as if the unenforceable provision had never been a part of the agreement. Whenever context requires, the singular will include the plural and neuter include the masculine or feminine gender, and vice versa. Article and section headings in this agreement are for reference only and are not intended to restrict or define the text of any section. This agreement will not be construed more or less favorably between the parties by reason of authorship or origin of language.

16. *Notices.* Any notice required or permitted under this agreement must be in writing. Any notice required by this agreement will be deemed to be delivered (whether actually received or not) when deposited with the United States Postal Service, postage prepaid, certified mail, return receipt requested, and addressed to the intended recipient at the address shown in this agreement. Notice may also be given by regular mail, personal delivery, courier delivery, facsimile transmission, or other commercially reasonable means and will be effective when actually received. Any address for notice may be changed by written notice delivered as provided herein.

17. *Recitals.* Any recitals in this agreement are represented by the parties to be accurate, and constitute a part of the substantive agreement.

18. *Time.* Time is of the essence. Unless otherwise specified, all references to "days" mean calendar days. Business days exclude Saturdays, Sundays, and legal public holidays. If the date for performance of any obligation falls on a Saturday, Sunday, or legal public holiday, the date for performance will be the next following regular business day.

Grantor's Mailing Address: 1155, rue Metcalfe, Bureau 80, Montreal, Quebec H3B ZV6

Grantee: City of Lufkin, Texas

Grantee's Mailing Address: 300 East Shepherd, Lufkin, Texas 75902

Dominant Estate Property: The tracts in Angelina County and Nacogdoches County described in the attached Exhibit "A".

Easement Property:

Being a utility easement located in the Lewis Holloway Survey, A-310 in Angelina County, Texas, and being over and across a portion of the called 970.082 acre tract described as Tract 1 in a Special Warranty Deed from Champion International Corporation to Donohue Industries, Inc., dated June 1, 1998 and recorded in Volume 1155, Page 680 of the Real Property Records of Angelina County, Texas (RPRACT), being more particularly described by metes and bounds in the attached Exhibit "B".

Easement Purpose: For the installation, construction, operation, maintenance, replacement, repair, upgrade, and removal of electrical and water utilities and related facilities (collectively, the "Facilities").

Consideration: Good and valuable consideration, the receipt and sufficiency of which are acknowledged by Grantor.

Reservations from Conveyance: None.

Exceptions to Warranty: Validly existing easements, rights of way, and prescriptive rights, whether of record or not; and all presently recorded and validly existing instruments that affect the Easement Property.

Grant of Easement: Grantor, for the Consideration and subject to the Exceptions to Warranty, grants, sells, and conveys to Grantee and Grantee's successors and assigns an easement over, on, and across the Easement Property for the Easement Purpose, together with all and singular the rights and appurtenances thereto in any way belonging (collectively, the "Easement"), to have and to hold the Easement to Grantee and Grantee's successors and assigns forever. Grantor binds Grantor and Grantor's successors and assigns to warrant and forever defend the title to the Easement in Grantee and Grantee's successors and assigns against every person whomsoever lawfully claiming or to claim the Easement or any part of the Easement, except as to the Exceptions to Warranty, to the extent that such claim arises by, through, or under Grantor but not otherwise.

Terms and Conditions: The following terms and conditions apply to the Easement granted by this agreement:

1. *Character of Easement.* The Easement is appurtenant to, runs with, and inures to the benefit of all or any portion of the Dominant Estate Property, whether or not the Easement is referenced or described in any conveyance of all or such portion of the Dominant Estate Property. The Easement is nonexclusive and irrevocable. The Easement is for the benefit of Grantee and Grantee's successors, and assigns who at any time own any interest in the Dominant Estate Property (as applicable, the "Holder").

2. *Duration of Easement.* The duration of the Easement is perpetual.

3. *Reservation of Rights.* Holder's right to use the Easement Property is nonexclusive, and Grantor reserves for Grantor and Grantor's successors, and assigns the right to use all or part of the Easement Property in conjunction with Holder as long as such use by Grantor and Grantor's successors, and assigns does not interfere with the use of the Easement Property by Holder for the Easement Purpose, and the right to convey to others the right to use all or part of the Easement Property in conjunction with Holder, as long as such further conveyance is subject to the terms of this agreement.

4. *Secondary Easement.* Holder has the right (the "Secondary Easement") to use as much of the surface of the property that is adjacent to the Easement Property ("Adjacent Property") as may be reasonably necessary to install and maintain the Facilities within the Easement Property that are reasonably suited for the Easement Purpose. However, Holder must promptly restore the Adjacent Property to its previous physical condition if changed by use of the rights granted by this Secondary Easement.

5. *Improvement and Maintenance of Easement Property.* Improvement and maintenance of the Easement Property and the Facilities will be at the sole expense of Holder. Holder has the right to eliminate any encroachments into the Easement Property. Holder must maintain the Easement Property in a neat and clean condition. Holder has the right to construct, install, maintain, replace, and remove the Facilities under or across any portion of the Easement Property. All matters concerning the Facilities and their configuration, construction, installation, maintenance, replacement, and removal are at Holder's sole discretion, subject to performance of Holder's obligations under this agreement. Holder has the right to remove or relocate any fences within the Easement Property or along or near its boundary lines if reasonably necessary to construct, install, maintain, replace, or remove the Facilities, subject to replacement of the fences to their original condition on the completion of the work.

6. *Equitable Rights of Enforcement.* This Easement may be enforced by restraining orders and injunctions (temporary or permanent) prohibiting interference and commanding compliance. Restraining orders and injunctions will be obtainable on proof of the existence of interference or threatened interference, without the necessity of proof of inadequacy of legal remedies or irreparable harm, and will be obtainable only by the parties to or those benefited by this agreement; provided, however, that the act of obtaining an injunction or restraining order will not be deemed to be an election of remedies or a waiver of any other rights or remedies available at law or in equity.

7. *Attorney's Fees.* If any party retains an attorney to enforce this agreement, the party prevailing in litigation is entitled to recover reasonable attorney's fees and court and other costs.

8. *Binding Effect.* This agreement binds and inures to the benefit of the parties and their respective successors and permitted assigns.

9. *Choice of Law.* This agreement will be construed under the laws of the state of Texas, without regard to choice-of-law rules of any jurisdiction. Venue is in the county or counties in which the Easement Property is located.

10. *Counterparts.* This agreement may be executed in any number of counterparts with the same effect as if all signatory parties had signed the same document. All counterparts will be construed together and will constitute one and the same instrument.

11. *Waiver of Default.* It is not a waiver of or consent to default if the nondefaulting party fails to declare immediately a default or delays in taking any action. Pursuit of any remedies set forth in this agreement does not preclude pursuit of other remedies in this agreement or provided by law.

12. *Further Assurances.* Each signatory party agrees to execute and deliver any additional documents and instruments and to perform any additional acts necessary or appropriate to perform the terms, provisions, and conditions of this agreement and all transactions contemplated by this

agreement.

13. *Indemnity.* Each party agrees to indemnify, defend, and hold harmless the other party from any loss, attorney's fees, expenses, or claims attributable to breach or default of any provision of this agreement by the indemnifying party.

14. *Integration.* This agreement contains the complete agreement of the parties and cannot be varied except by written agreement of the parties. The parties agree that there are no oral agreements, representations, or warranties that are not expressly set forth in this agreement.

15. *Legal Construction.* If any provision in this agreement is for any reason unenforceable, to the extent the unenforceability does not destroy the basis of the bargain among the parties, the unenforceability will not affect any other provision hereof, and this agreement will be construed as if the unenforceable provision had never been a part of the agreement. Whenever context requires, the singular will include the plural and neuter include the masculine or feminine gender, and vice versa. Article and section headings in this agreement are for reference only and are not intended to restrict or define the text of any section. This agreement will not be construed more or less favorably between the parties by reason of authorship or origin of language.

16. *Notices.* Any notice required or permitted under this agreement must be in writing. Any notice required by this agreement will be deemed to be delivered (whether actually received or not) when deposited with the United States Postal Service, postage prepaid, certified mail, return receipt requested, and addressed to the intended recipient at the address shown in this agreement. Notice may also be given by regular mail, personal delivery, courier delivery, facsimile transmission, or other commercially reasonable means and will be effective when actually received. Any address for notice may be changed by written notice delivered as provided herein.

17. *Recitals.* Any recitals in this agreement are represented by the parties to be accurate, and constitute a part of the substantive agreement.

18. *Time.* Time is of the essence. Unless otherwise specified, all references to "days" mean calendar days. Business days exclude Saturdays, Sundays, and legal public holidays. If the date for performance of any obligation falls on a Saturday, Sunday, or legal public holiday, the date for performance will be the next following regular business day.

EASEMENT AGREEMENT FOR UTILITIES

(For Sewer Easement)

NOTICE OF CONFIDENTIALITY RIGHTS: IF YOU ARE A NATURAL PERSON, YOU MAY REMOVE OR STRIKE ANY OR ALL OF THE FOLLOWING INFORMATION FROM ANY INSTRUMENT THAT TRANSFERS AN INTEREST IN REAL PROPERTY BEFORE IT IS FILED FOR RECORD IN THE PUBLIC RECORDS: YOUR SOCIAL SECURITY NUMBER OR YOUR DRIVER'S LICENSE NUMBER.

Date: March __, 2009

Grantor: City of Lufkin, Texas

Grantor's Mailing Address: 300 East Shepherd, Lufkin, Texas 75902

Grantee: Abitibi-Consolidated Corp., a Delaware corporation

Grantee's Mailing Address: 1155, rue Metcalfe, Bureau 80, Montreal, Quebec H3B ZV6

Dominant Estate Property: The called 970.082 acre tract described as Tract 1 in a Special Warranty Deed from Champion International Corporation to Donohue Industries, Inc., dated June 1, 1998 and recorded in Volume 1155, Page 680 of the Official Public Records of Angelina County, Texas.

Easement Property:

Being a sewer easement located in the Lewis Holloway Survey, A-310 in Angelina County, Texas, and being over and across a portion of the called 970.082 acre tract described as Tract 1 in a Special Warranty Deed from Champion International Corporation to Donohue Industries, Inc., dated June 1, 1998 and recorded in Volume 1155, Page 680 of the Real Property Records of Angelina County, Texas (RPRACT), being more particularly described by metes and bounds in the attached Exhibit "A".

Easement Purpose: For the installation, construction, operation, maintenance, replacement, repair, upgrade, and removal of a sewer line and related facilities (collectively, the "Facilities").

Consideration: Good and valuable consideration, the receipt and sufficiency of which are acknowledged by Grantor.

Reservations from Conveyance: None.

Exceptions to Warranty: Validly existing easements, rights of way, and prescriptive rights, whether of record or not; and all presently recorded and validly existing instruments that affect the Easement Property.

Grant of Easement: Grantor, for the Consideration and subject to the Exceptions to Warranty, grants, sells, and conveys to Grantee and Grantee's successors and assigns an easement over, on, and across the Easement Property for the Easement Purpose, together with all and singular the rights and appurtenances thereto in any way belonging (collectively, the "Easement"), to have and to hold the Easement to Grantee and Grantee's successors and assigns forever. Grantor binds Grantor and Grantor's successors and assigns to warrant and forever defend the title to the Easement in Grantee and Grantee's successors and assigns against every person whomsoever lawfully claiming or to claim the Easement or any part of the Easement, except as to the Exceptions to Warranty, to the extent that such claim arises by, through, or under Grantor but not otherwise.

Terms and Conditions: The following terms and conditions apply to the Easement granted by this agreement:

1. *Character of Easement.* The Easement is appurtenant to, runs with, and inures to the benefit of all or any portion of the Dominant Estate Property, whether or not the Easement is referenced or described in any conveyance of all or such portion of the Dominant Estate Property. The Easement is nonexclusive and irrevocable. The Easement is for the benefit of Grantee and Grantee's successors, and assigns who at any time own any interest in the Dominant Estate Property (as applicable, the "Holder").

2. *Duration of Easement.* The duration of the Easement is perpetual.

3. *Reservation of Rights.* Holder's right to use the Easement Property is nonexclusive, and Grantor reserves for Grantor and Grantor's successors, and assigns the right to use all or part of the Easement Property in conjunction with Holder as long as such use by Grantor and Grantor's successors, and assigns does not interfere with the use of the Easement Property by Holder for the Easement Purpose, and the right to convey to others the right to use all or part of the Easement Property in conjunction with Holder, as long as such further conveyance is subject to the terms of this agreement.

4. *Secondary Easement.* Holder has the right (the "Secondary Easement") to use as much of the surface of the property that is adjacent to the Easement Property ("Adjacent Property") as may be reasonably necessary to install and maintain the Facilities within the Easement Property that are reasonably suited for the Easement Purpose. However, Holder must promptly restore the Adjacent Property to its previous physical condition if changed by use of the rights granted by this Secondary Easement.

5. *Improvement and Maintenance of Easement Property.* Improvement and maintenance of the Easement Property and the Facilities will be at the sole expense of Holder. Holder has the right to eliminate any encroachments into the Easement Property. Holder must maintain the Easement Property in a neat and clean condition. Holder has the right to construct, install, maintain, replace, and remove the Facilities under or across any portion of the Easement Property. All matters concerning the Facilities and their configuration, construction, installation, maintenance, replacement, and removal are at Holder's sole discretion, subject to performance of Holder's obligations under this agreement. Holder has the right to remove or relocate any fences within the Easement Property or along or near its boundary lines if reasonably necessary to construct, install, maintain, replace, or remove the Facilities, subject to replacement of the fences to their original condition on the completion of the work.

6. *Equitable Rights of Enforcement.* This Easement may be enforced by restraining orders and injunctions (temporary or permanent) prohibiting interference and commanding compliance. Restraining orders and injunctions will be obtainable on proof of the existence of interference or threatened interference, without the necessity of proof of inadequacy of legal remedies or irreparable harm, and will be obtainable only by the parties to or those benefited by this agreement; provided, however, that the act of obtaining an injunction or restraining order will not be deemed to be an election of remedies or a waiver of any other rights or remedies available at law or in equity.

7. *Attorney's Fees.* If any party retains an attorney to enforce this agreement, the party prevailing in litigation is entitled to recover reasonable attorney's fees and court and other costs.

8. *Binding Effect.* This agreement binds and inures to the benefit of the parties and their respective successors and permitted assigns.

9. *Choice of Law.* This agreement will be construed under the laws of the state of Texas, without regard to choice-of-law rules of any jurisdiction. Venue is in the county or counties in which the Easement Property is located.

10. *Counterparts.* This agreement may be executed in any number of counterparts with the same effect as if all signatory parties had signed the same document. All counterparts will be construed together and will constitute one and the same instrument.

11. *Waiver of Default.* It is not a waiver of or consent to default if the nondefaulting party fails to declare immediately a default or delays in taking any action. Pursuit of any remedies set forth in this agreement does not preclude pursuit of other remedies in this agreement or provided by law.

12. *Further Assurances.* Each signatory party agrees to execute and deliver any additional documents and instruments and to perform any additional acts necessary or appropriate to perform the terms, provisions, and conditions of this agreement and all transactions contemplated by this

agreement.

13. *Indemnity.* Each party agrees to indemnify, defend, and hold harmless the other party from any loss, attorney's fees, expenses, or claims attributable to breach or default of any provision of this agreement by the indemnifying party.

14. *Integration.* This agreement contains the complete agreement of the parties and cannot be varied except by written agreement of the parties. The parties agree that there are no oral agreements, representations, or warranties that are not expressly set forth in this agreement.

15. *Legal Construction.* If any provision in this agreement is for any reason unenforceable, to the extent the unenforceability does not destroy the basis of the bargain among the parties, the unenforceability will not affect any other provision hereof, and this agreement will be construed as if the unenforceable provision had never been a part of the agreement. Whenever context requires, the singular will include the plural and neuter include the masculine or feminine gender, and vice versa. Article and section headings in this agreement are for reference only and are not intended to restrict or define the text of any section. This agreement will not be construed more or less favorably between the parties by reason of authorship or origin of language.

16. *Notices.* Any notice required or permitted under this agreement must be in writing. Any notice required by this agreement will be deemed to be delivered (whether actually received or not) when deposited with the United States Postal Service, postage prepaid, certified mail, return receipt requested, and addressed to the intended recipient at the address shown in this agreement. Notice may also be given by regular mail, personal delivery, courier delivery, facsimile transmission, or other commercially reasonable means and will be effective when actually received. Any address for notice may be changed by written notice delivered as provided herein.

17. *Recitals.* Any recitals in this agreement are represented by the parties to be accurate, and constitute a part of the substantive agreement.

18. *Time.* Time is of the essence. Unless otherwise specified, all references to "days" mean calendar days. Business days exclude Saturdays, Sundays, and legal public holidays. If the date for performance of any obligation falls on a Saturday, Sunday, or legal public holiday, the date for performance will be the next following regular business day.

Date: March __, 2009

Grantor: City of Lufkin, Texas

Grantor's Mailing Address: 300 East Shepherd, Lufkin, Texas 75902

Grantee: Abitibi-Consolidated Corp., a Delaware corporation

Grantee's Mailing Address: 1155, rue Metcalfe, Bureau 80, Montreal, Quebec H3B ZV6

Dominant Estate Property: The called 970.082 acre tract described as Tract 1 in a Special Warranty Deed from Champion International Corporation to Donohue Industries, Inc., dated June 1, 1998 and recorded in Volume 1155, Page 680 of the Official Public Records of Angelina County, Texas.

Easement Property:

Being an electric easement located in the Lewis Holloway Survey, A-310 in Angelina County, Texas, and being over and across a portion of the called 970.082 acre tract described as Tract 1 in a Special Warranty Deed from Champion International Corporation to Donohue Industries, Inc., dated June 1, 1998 and recorded in Volume 1155, Page 680 of the Real Property Records of Angelina County, Texas (RPRACT), being more particularly described by metes and bounds in the attached Exhibit "A":

Easement Purpose: For the installation, construction, operation, maintenance, replacement, repair, upgrade, and removal of electrical utilities and related facilities (collectively, the "Facilities").

Consideration: Good and valuable consideration, the receipt and sufficiency of which are acknowledged by Grantor.

Reservations from Conveyance: None.

Exceptions to Warranty: Validly existing easements, rights of way, and prescriptive rights, whether of record or not; and all presently recorded and validly existing instruments that affect the Easement Property.

Grant of Easement: Grantor, for the Consideration and subject to the Exceptions to Warranty, grants, sells, and conveys to Grantee and Grantee's successors and assigns an easement over, on, and across the Easement Property for the Easement Purpose, together with all and singular the rights and appurtenances thereto in any way belonging (collectively, the "Easement"), to have and to hold the Easement to Grantee and Grantee's successors and assigns forever. Grantor binds Grantor and Grantor's successors and assigns to warrant and forever defend the title to the Easement in Grantee and Grantee's successors and assigns against every person whomsoever lawfully claiming or to claim the Easement or any part of the Easement, except as to the Exceptions to Warranty, to the extent that such claim arises by, through, or under Grantor but not otherwise.

Terms and Conditions: The following terms and conditions apply to the Easement granted by this agreement:

1. *Character of Easement.* The Easement is appurtenant to, runs with, and inures to the benefit of all or any portion of the Dominant Estate Property, whether or not the Easement is referenced or described in any conveyance of all or such portion of the Dominant Estate Property. The Easement is nonexclusive and irrevocable. The Easement is for the benefit of Grantee and Grantee's successors, and assigns who at any time own any interest in the Dominant Estate Property (as applicable, the "Holder").

2. *Duration of Easement.* The duration of the Easement is perpetual.

3. *Reservation of Rights.* Holder's right to use the Easement Property is nonexclusive, and Grantor reserves for Grantor and Grantor's successors, and assigns the right to use all or part of the Easement Property in conjunction with Holder as long as such use by Grantor and Grantor's successors, and assigns does not interfere with the use of the Easement Property by Holder for the Easement Purpose, and the right to convey to others the right to use all or part of the Easement Property in conjunction with Holder, as long as such further conveyance is subject to the terms of this agreement.

4. *Secondary Easement.* Holder has the right (the "Secondary Easement") to use as much of the surface of the property that is adjacent to the Easement Property ("Adjacent Property") as may be reasonably necessary to install and maintain the Facilities within the Easement Property that are reasonably suited for the Easement Purpose. However, Holder must promptly restore the Adjacent Property to its previous physical condition if changed by use of the rights granted by this Secondary Easement.

5. *Improvement and Maintenance of Easement Property.* Improvement and maintenance of the Easement Property and the Facilities will be at the sole expense of Holder. Holder has the right to eliminate any encroachments into the Easement Property. Holder must maintain the Easement Property in a neat and clean condition. Holder has the right to construct, install, maintain, replace, and remove the Facilities under or across any portion of the Easement Property. All matters concerning the Facilities and their configuration, construction, installation, maintenance, replacement, and removal are at Holder's sole discretion, subject to performance of Holder's obligations under this agreement. Holder has the right to remove or relocate any fences within the Easement Property or along or near its boundary lines if reasonably necessary to construct, install, maintain, replace, or remove the Facilities, subject to replacement of the fences to their original condition on the completion of the work.

6. *Equitable Rights of Enforcement.* This Easement may be enforced by restraining orders and injunctions (temporary or permanent) prohibiting interference and commanding compliance. Restraining orders and injunctions will be obtainable on proof of the existence of interference or threatened interference, without the necessity of proof of inadequacy of legal remedies or irreparable harm, and will be obtainable only by the parties to or those benefited by this agreement; provided, however, that the act of obtaining an injunction or restraining order will not be deemed to be an election of remedies or a waiver of any other rights or remedies available at law or in equity.

7. *Attorney's Fees.* If any party retains an attorney to enforce this agreement, the party prevailing in litigation is entitled to recover reasonable attorney's fees and court and other costs.

8. *Binding Effect.* This agreement binds and inures to the benefit of the parties and their respective successors and permitted assigns.

9. *Choice of Law.* This agreement will be construed under the laws of the state of Texas, without regard to choice-of-law rules of any jurisdiction. Venue is in the county or counties in which the Easement Property is located.

10. *Counterparts.* This agreement may be executed in any number of counterparts with the same effect as if all signatory parties had signed the same document. All counterparts will be construed together and will constitute one and the same instrument.

11. *Waiver of Default.* It is not a waiver of or consent to default if the nondefaulting party fails to declare immediately a default or delays in taking any action. Pursuit of any remedies set forth in this agreement does not preclude pursuit of other remedies in this agreement or provided by law.

12. *Further Assurances.* Each signatory party agrees to execute and deliver any additional documents and instruments and to perform any additional acts necessary or appropriate to perform the terms, provisions, and conditions of this agreement and all transactions contemplated by this

agreement.

13. *Indemnity.* Each party agrees to indemnify, defend, and hold harmless the other party from any loss, attorney's fees, expenses, or claims attributable to breach or default of any provision of this agreement by the indemnifying party.

14. *Integration.* This agreement contains the complete agreement of the parties and cannot be varied except by written agreement of the parties. The parties agree that there are no oral agreements, representations, or warranties that are not expressly set forth in this agreement.

15. *Legal Construction.* If any provision in this agreement is for any reason unenforceable, to the extent the unenforceability does not destroy the basis of the bargain among the parties, the unenforceability will not affect any other provision hereof, and this agreement will be construed as if the unenforceable provision had never been a part of the agreement. Whenever context requires, the singular will include the plural and neuter include the masculine or feminine gender, and vice versa. Article and section headings in this agreement are for reference only and are not intended to restrict or define the text of any section. This agreement will not be construed more or less favorably between the parties by reason of authorship or origin of language.

16. *Notices.* Any notice required or permitted under this agreement must be in writing. Any notice required by this agreement will be deemed to be delivered (whether actually received or not) when deposited with the United States Postal Service, postage prepaid, certified mail, return receipt requested, and addressed to the intended recipient at the address shown in this agreement. Notice may also be given by regular mail, personal delivery, courier delivery, facsimile transmission, or other commercially reasonable means and will be effective when actually received. Any address for notice may be changed by written notice delivered as provided herein.

17. *Recitals.* Any recitals in this agreement are represented by the parties to be accurate, and constitute a part of the substantive agreement.

18. *Time.* Time is of the essence. Unless otherwise specified, all references to "days" mean calendar days. Business days exclude Saturdays, Sundays, and legal public holidays. If the date for performance of any obligation falls on a Saturday, Sunday, or legal public holiday, the date for performance will be the next following regular business day.

Permit to Operate a Water Well

Within the

Pineywoods Groundwater Conservation District

of

The State of Texas

By Direction of the Board of Directors of the Pineywoods Groundwater Conservation District

This permit is granted to: **Lufkin SSLC** (Permittee)

For the purpose of **Operating** a water well or other aquifer penetration known as: **Well no. 2** within the Pineywoods Groundwater Conservation District (District) for the non-wasteful purpose of: **Institutional** use. Upon issuance of this permit, the Permittee agrees to abide by the Rules, orders of the Board and Management Plan of the Pineywoods Groundwater Conservation District, as amended, and the Laws and Rules of the State of Texas, as amended, in drilling and operating a water well within its boundaries.

This well is registered with the Pineywoods Groundwater Conservation District and the State of Texas. The Permittee is granted permission to operate a water well at: **N** 31.42168° **W** -94.80348° location.

The pumping capacity of the water well is 200 gpm and will be operated at no greater capacity than this rate. The annual production of this well is permitted at 15 million gallons per year.

If the capacity of this well is to be altered, applicant must apply for a new permit. The District office must be notified in writing within 10 (ten) days after the date of any sale. Any person who becomes the owner of a permitted water well must, within 20 calendar days from the date of the change in ownership, file an application for a permit amendment to effect a transfer of this permit.

This permit confers only the right to operate and its terms may be modified or amended. The operation of the well for the authorized withdrawal must be conducted in a non-wasteful manner.

The well site must be accessible to District representatives for inspection, and the permittee agrees to cooperate fully in any reasonable inspection of the well and well site by the District representatives.

The application pursuant to which this permit has been issued is incorporated into this permit, which is granted on the basis of, and contingent upon, the accuracy of the information supplied in that application. A finding that false information has been supplied is grounds for revocation of the permit.

Violation of a permit's terms, conditions, requirements, or special provisions is punishable by civil penalties as provided by the District Rules and by laws of the State of Texas.

This permit may also contain provisions relating to the means and methods of transportation of water produced within the District and does not authorize groundwater transfer out of the District.

The permitted well must be accurately metered and their pumpage reported to the District quarterly if the capacity is greater than 25,000 gallons per day (17.36 gpm), but less than 100,000 gallons per day (69.44 gpm) and used for a non-domestic or non-agricultural use, or greater than 100,000 gallons per day, unless otherwise exempted by the District. Proof of water meter accuracy must be submitted to the District upon request. An annual meter test is recommended.

The issuance of this permit does not grant to the Permittee the right to use private property, or public property, for the production or conveyance of water. Neither does this permit authorize the invasion of any personal rights nor the violation of federal, state, or local laws, or any regulations.

The District makes no representations and shall have no responsibility with respect to the availability or quality of water authorized to be produced under this permit.

This operating permit will expire **five (5) years** from the date it is issued without any further action from the District. The Permittee must reapply 60 days prior to the expiration date for a new operating permit.

The permit is granted on this day December 31, 2022.

No. A0023

Permit to Operate a Water Well

Within the

Pineywoods Groundwater Conservation District

of

The State of Texas

By Direction of the Board of Directors of the Pineywoods Groundwater Conservation District

This permit is granted to: **City of Lufkin** (Permittee)

For the purpose of **Operating** a water well or other aquifer penetration known as: **Well no. 7** within the Pineywoods Groundwater Conservation District (District) for the non-wasteful purpose of: **Municipal** use. Upon issuance of this permit, the Permittee agrees to abide by the Rules, orders of the Board and Management Plan of the Pineywoods Groundwater Conservation District, as amended, and the Laws and Rules of the State of Texas, as amended, in drilling and operating a water well within its boundaries.

This well is registered with the Pineywoods Groundwater Conservation District and the State of Texas. The Permittee is granted permission to operate a water well at: **N** 31.38528° **W** -94.72917° location.

The pumping capacity of the water well is 1,120 gpm and will be operated at no greater capacity than this rate. The annual production of this well is permitted at 150 million gallons per year.

If the capacity of this well is to be altered, applicant must apply for a new permit. The District office must be notified in writing within 10 (ten) days after the date of any sale. Any person who becomes the owner of a permitted water well must, within 20 calendar days from the date of the change in ownership, file an application for a permit amendment to effect a transfer of this permit.

This permit confers only the right to operate and its terms may be modified or amended. The operation of the well for the authorized withdrawal must be conducted in a non-wasteful manner.

The well site must be accessible to District representatives for inspection, and the permittee agrees to cooperate fully in any reasonable inspection of the well and well site by the District representatives.

The application pursuant to which this permit has been issued is incorporated into this permit, which is granted on the basis of, and contingent upon, the accuracy of the information supplied in that application. A finding that false information has been supplied is grounds for revocation of the permit.

Violation of a permit's terms, conditions, requirements, or special provisions is punishable by civil penalties as provided by the District Rules and by laws of the State of Texas.

This permit may also contain provisions relating to the means and methods of transportation of water produced within the District and does not authorize groundwater transfer out of the District.

The permitted well must be accurately metered and their pumpage reported to the District quarterly if the capacity is greater than 25,000 gallons per day (17.36 gpm), but less than 100,000 gallons per day (69.44 gpm) and used for a non-domestic or non-agricultural use, or greater than 100,000 gallons per day, unless otherwise exempted by the District. Proof of water meter accuracy must be submitted to the District upon request. An annual meter test is recommended.

The issuance of this permit does not grant to the Permittee the right to use private property, or public property, for the production or conveyance of water. Neither does this permit authorize the invasion of any personal rights nor the violation of federal, state, or local laws, or any regulations.

The District makes no representations and shall have no responsibility with respect to the availability or quality of water authorized to be produced under this permit.

This operating permit will expire **five (5) years** from the date it is issued without any further action from the District. The Permittee must reapply 60 days prior to the expiration date for a new operating permit.

The permit is granted on this day December 31, 2022.

WATER RIGHTS CERTIFICATION AFFIDAVIT

A. LEGAL BASIS FOR THIS AFFIDAVIT

This affidavit supports the TWDB written finding required for projects proposing surface water or groundwater development:

- Prior to release of construction funds, that an applicant has (Certification) the necessary rights to appropriate and use the surface water the Project will provide, or has the rights to use groundwater that the Project will provide; or,
- for entities requesting pre-construction funding (planning, acquisition, and/or design funding) that there is a reasonable expectation that the finding will be made before construction funds are released. (Texas Water Code §§ 15.104, 17.123, 17.928).

For surface water, all surface waters are waters of the state and may be used only pursuant to a Certificate of Adjudication, or Water Rights Permit or Amendment issued by the Texas Commission on Environmental Quality (TCEQ) or a predecessor (Texas Water Code § 11.021)

For groundwater, rights are governed under Chapter 36 (Groundwater Conservation Districts), including permits and limits informed by Modeled Available Groundwater to achieve Desired Future Conditions (e.g., §§ 36.113, 36.1132). Public water systems must also meet TCEQ source and capacity rules (30 TAC §§ 290.41, 290.45).

This affidavit is for the City of Lufkin, Texas, per its authorized representative, to certify that it

- currently has the necessary right(s) authorizing appropriation and use of surface water and/or the right to use groundwater that the proposed project will provide through executed legal instruments and/or GCD permits, and that such rights will remain effective during the period required by TWDB funding documents; and that the supplies and facility capacities shown herein are sufficient to meet projected average and peak demands for the design year, including the TCEQ minimum flow requirement. (Texas Water Code §§ 15.104(a), 17.123(a), 17.928(a));

OR

- is seeking planning/design funding and that, based on the draft/negotiated instruments, regulatory filings in process, and schedules attached, there is a reasonable expectation that the Entity will obtain the necessary right(s) to appropriate and use surface water and/or the right to use groundwater that the Project will provide before TWDB releases funds for construction. (Texas Water Code §§ 15.104(b), 17.123(b), 17.928(b));

AND

- that the information provided herein and with this affidavit is correct to the best of their knowledge.

B. DEFINITIONS

ADD – Average Daily Demand
AF – Acre-Feet
GCD - Groundwater Conservation District
DFC – Desired Future Conditions
GPCD or gpcd – Gallons Per Capita Per Day
GPM or gpm – Gallons Per Minute
LOI – Letter of Interest
MAG – Modeled Available Groundwater
MDD – Maximum Daily Demand
MGD – Million Gallons per Day
MOU – Memorandum of Understanding
RE – Reasonable Expectation
ROW - Rights of Way
RWPG – Regional Water Planning Group
TCEQ – Texas Commission on Environmental Quality

Design Year – Future year in which the project is expected to accommodate or reach the anticipated capacity.

C. ENTITY WATER DATA

1. Current and Proposed Water Sources

Select the applicable water sources the City of Lufkin, Texas is currently using or plans to use after implementing the proposed project:

☐ Surface Water ☒ Groundwater

2. Project Details and Design Year

TWDB project number	To Be Determined
TWDB funding program:	Water Supply & Infrastructure Grant
Entity legal name	City of Lufkin, Texas
Public Water System ID (if applicable):	
County(ies):	Angelina
Project scope (intake(s)/well(s), pump stations, treatment, pipelines, etc.):	1.) The project consists of rehabilitating and/or redrilling nine (9) existing water wells that have never been used for potable drinking water. The existing water wells were initially drilled for industrial use and have the capability of producing a combined capacity of 4,590 acre-feet/year. 2.) Replace Approximately 50,000 Linear Feet of Old Steel Water Transmission Mains. 3.) Forced Aeration Improvements for Ground Storage Tanks No. 1 and No. 2 at Water Plant No. 1. 4.) Water Recirculation Improvements at Water Plant No. 3. 5.) Alternatives include replacing an existing elevated storage tank and replacing various

	distribution lines throughout the water system to reduce water loss and to extend service.
Status of TCEQ review/approval (30 TAC §§ 290.41, 290.45):	Wells will need TCEQ Approval for potable water use.
For groundwater: GCD name(s) and aquifer(s) (if applicable):	Pineywoods GCD and Carrizo-Wilcox Aquifer
Design year (project planning horizon):	2046
Projected project in-service date(s):	December 31, 2028

3. Groundwater Sources

Note: Information in the three left columns of the two tables in this section should match.

Special Conditions. Provide any additional information to further explain any existing intricacy or special conditions related to the existing or proposed groundwater sources, including any special conditions related to Desired Future Conditions, Modeled Available Groundwater, curtailments, spacing, etc. Specify to which well or wellfield it applies to: City of Lufkin has to meet requirements implemented by the Pineywoods GCD.

4. Surface Water Sources

Note: Information in the three left columns of the two tables in this section should match.

Name of Source Body of Water and Diversion Point	Cert. of Adjudication, Permit, or Contract Number	Issuing Entity	Source Is Existing or Proposed	Rated Intake Capacity (gpm or MGD)	Average Daily Demand (MGD)	Max Daily Demand (MGD)	Average Annual Volume Demand (MG or AF)

5. Existing Water Treatment Facilities

Treatment Facility Name	Water Source (Per Sources Above)	Permitted Treatment Capacity (MGD)	Average Daily Demand (MGD)	Max Daily Demand (MGD)	Average Annual Demand (MG or AF)	No. of Connections Served*	Population Served*
Water Plant #1	All permitted water wells	6.5 MGD	2.5 MGD	4.3 MGD	912.5 MG	17,300	34,400
Water Plant #2	All permitted water wells	6.0 MGD	2.5 MGD	4.3 MGD	912.5 MG	All treatment plants serve the whole system	All treatment plants serve the whole system
Water Plant #3	All permitted water wells	6.0 MGD	2.5 MGD	4.3 MGD	912.5 MG	All treatment plants serve the whole system	All treatment plants serve the whole system
Totals		**18.5 MGD**	**7.5 MGD**	**12.9 MGD**	**2,737.5 MG**	**17,300**	34,400

* Note: If all treatment facilities serve the whole system and the number of connections and population served by each treatment facility is not available, then only include the connections and population totals for the whole system.

6. Population Projections for the System

Benchmark Year	Year	No. of Connections	Population	Projections Source (RWPG/Entity)
Base Year	2024	18,617	34,298	2026 Regional Water Plan-Region I-City of Lufkin
Interim Year 1	2025	18,781	34,349	2026 Regional Water Plan-Region I-City of Lufkin

Design Year	2046	22,028	41,720	2026 Regional Water Plan-Region I-City of Lufkin

7. Water Demand Projections (mirror permit units; include conversions in parenthesis ( )

Per Benchmark Years Set Above	Peak Hour (gpm)	Average Daily Demand (MGD)	Maximum Daily Demand (MGD)	Annual Volume (MG/AF)	Per-Capita Daily Use (gpcd)
Base Year (actual)	2026	7.8 MGD	9.4 MGD	4,847 AF	155
Interim Year 1	2027	8.60 MGD	9.5 MGD	4,940 AF	154
Interim Year 2	2028	8.67 MGD	9.6 MGD	5,033 AF	153
Design Year	2046	8.94 MGD	9.77 MGD	6,702 AF	145

8. TCEQ Minimum Flow Requirement Check (30 TAC §290.45)

Required Minimum Flow Rate = Number of Connections × 0.6 gpm/connection (or approved variance). Provide both gpm and MGD for comparison with permits.

	A	B	C=A x B	D	E= A x D
Scenario	**No. of Connections**	**Min. Flow Requirement (0.6 gpm per connection)**	**Required Flow [No. of connections x flow requirement] (gpm)**	**Min. Flow Requirement per Variance (gpm per connection), if applicable ***	**Required Flow [No. of connections x flow requirement] (gpm), if applicable ***
Base Year	19,100	0.6	11,460	Not Applicable	Not Applicable
Design Year	22,028	0.6	13,217	Not Applicable	Not Applicable

Note: Minimum flow addresses peak-demand readiness and should not be used to project annual volume needs.

* If TCEQ has issued a variance, attach the TCEQ ACR/ variance letter.

9. SURFACE WATER RIGHTS — IDENTIFICATION & LIMITS (if applicable)

Document (Type/Title)	ID No. / Owner	Source & Diversion Point	Water Granted - Max Flow Rate (gpm/MGD)*	Water Granted - Max Annual Volume (MG/AF)*	Limits/Caps & Special Conditions	Effective date and expiration
Interlocal Water Use Agreement and Water Distribution Agreement	06-4411 Lufkin/Lower Neches Valley Authority	Sam Rayburn Reservoir from any point	NA	28,000 acre foot	See attached.	01/18/2011
Certificate of Adjudication 06-4393	06/4393 Lufkin	Striker Creek downstream Kurth Lake, an off-channel reservoir	53,100 gpm	19,100 acre-feet	See attached.	09/05/1957

*Mirror units used in permits/contracts; include alternate units in parentheses where helpful.

10. SUPPLY SUFFICIENCY AT DESIGN YEAR

Category	Max Flow Available (gpm/MGD)	Annual Volume Available (MG/AF)	Surface Water Portion	Groundwater Portion	Reference/Notes
A. Currently secured rights/permits/contracts	52,535 gpm	84,739 AF	44%	56%	This includes all active and inactive water wells and both surface water rights.
B. Pending/draft rights/permits/contracts	0	0	0	0	
C. Total available (A+B)	52,535 gpm	84,739 AF	44%	56%	
D. Required (from Sections 4 & 5)	13,217 gpm	21,319 AF	44%	56%	
E. Surplus/(Deficit) (C minus D)	39,318 gpm	63,420 AF	44%	56%	

D. REASONABLE EXPECTATION SUPPORT (complete only if RE is selected)

Surface Water. Include:

- all draft agreements showing quantities, terms, and execution timelines;
- TCEQ filings, receipts, and status for permits/amendments;
- schedule to finalize rights before construction funds are released.

Groundwater. Include:

- draft agreements for land/leases/wholesale;
- GCD permit applications/filings/status (hearings & expected board action);
- correspondence on MAG/DFC compliance;
- schedule to finalize permits/rights prior to release of construction funds.

E. SUMMARY AND SWORN STATEMENTS

Select One:

☒ **Water Rights Certification:** I certify that the City of Lufkin, Texas currently has the necessary right(s) authorizing appropriation and use of surface water and/or the right to use groundwater that the Project will provide through executed legal instruments and/or GCD permits, and that such rights will remain effective during the period required by TWDB funding documents. The supplies and facility capacities shown herein are sufficient to meet projected average and peak demands for the design year, including the TCEQ minimum flow requirement. (Texas Water Code §§ 15.104(a), 17.123(a), 17.928(a)).

☐ **Certification of Reasonable Expectation:** I certify that the City of Lufkin, Texas is seeking planning/design funding and that, based on the draft/negotiated instruments, regulatory filings in process, and schedules attached, there is a reasonable expectation that the City of Lufkin, Texas will obtain the necessary right(s) to appropriate and use surface water and/or the right to use groundwater that the Project will provide before TWDB releases funds for construction. (Texas Water Code §§ 15.104(b), 17.123(b), 17.928(b)).

ATTACHMENTS (CHECK ALL THAT APPLY)

☒ Surface Water: COAs/Permits (with conditions/amendments); executed water supply contracts/leases/assignments; maps of diversion points.

☒ Groundwater: deeds/leases/easements; GCD permits (with conditions) or applications/hearing notices (for Reasonable Expectation); well design/test data; maps of well sites.

☐ TCEQ correspondence/approvals (30 TAC §§ 290.41, 290.45), as applicable.

☒ TWDB Form WRD-253d (applicant) and, if available.

☐ Any ACR/variance letters relevant to §290.45 calculations.

STATE OF TEXAS §

COUNTY OF ANGELINA §

Before me, the undersigned authority, on this day personally appeared Kevin T. Gee, whose identity is known to me, who after being duly sworn, stated as follows:

I am over 18 years of age, of sound mind, and capable of making this affidavit. The facts stated herein are within my personal knowledge and are true and correct.

I am the duly authorized representative of the City of Lufkin, Texas (the "Entity"), which has applied to the Texas Water Development Board (TWDB) for financial assistance for the water supply project described below (the "Project").

Affiant Signature Kevin T. Gee

Signed this 21st day of July, 2026.

Sworn to and subscribed before me by Kevin T. Gee, on this 21st day of July, 2026.
